how old is jennifer hawkins: Faces Inside and Outside the Clinic Tony McHugh, 2016-04-15 Drawing on studies of surface topography, image editing, and diagnostic and surgical experience, Faces Inside and Outside the Clinic addresses the notion of 'truth' in what are considered to be 'right' and 'wrong' faces, whether in clinical cosmetic procedures or in specific sociocultural contexts outside the clinic. With attention to the manner in which the human face - and often the individual herself or himself as a consequence - is physically defined, conceptually judged, numerically measured and clinically analysed, this book reveals that on closer inspection, supposedly objective and evidential 'truths' are in fact subjective and prescriptive. Adopting a Foucauldian analysis of the ways in which 'normalising technologies' and 'techniques' ultimately preserve and expand upon an increasing array of 'abnormal' facial configurations, Faces Inside and Outside the Clinic shows that when determining 'right' and 'wrong' faces, what happens inside the clinic is

inextricably linked to what happens outside the clinic - and vice versa. As such, it will be of interest to scholars and students of social, cultural and political theory, contemporary philosophy and the social scientific study of science, health and technology.

how old is jennifer hawkins: *Ill-Being: Philosophical Perspectives*, 2025-07-03 Nearly all of us aspire to live a prudentially good life. To achieve this, we must understand which things are good for us and which things are bad for us - in other words, we must understand what well-being and ill-being consist in. While well-being has been the subject of significant philosophical inquiry, ill-being has received far less attention. The handful of philosophers who have considered ill-being

have challenged the common belief that ill-being is the symmetrical counterpart of well-being and argued that deriving accounts of ill-being from existing theories of well-being is more complex than it appears. The present collection of fifteen original essays offers an in-depth exploration of the philosophical issues surrounding ill-being. Issues covered include the role of ill-being in everyday practice, the aggregation of goods and bads, degrees of well- and ill-being, how existing theories of well-being can account for ill-being, the role of adaptive preferences in ill-being, and how to understand the badness of pain. By examining the relation of ill-being to a variety of connected phenomena, such as unhappiness, negative emotions and affects, pain, disability, disease, and failure, the essays will illuminate the important notions of ill-being and well-being. Given the broad relevance of these issues, this collection will be indispensable not only to philosophers but also to scholars and graduate students in fields such as psychology, sociology, and economics.

how old is jennifer hawkins: The Grand Life: Confessions of an Old School Hotelier in the Digital Age Patrick L Griffin OAM, A funny, moving and heartfelt memoir of social upheaval from postwar Britain to the digital age. Patrick Langley Griffin OAM grew up in the post war years of a gloomy Britain in the 40s and 50s and his career spanned fifty years as a hotelier in Grand hotels across the UK, Europe and Australia. His memoir is filled with characters famous, infamous and hitherto unknown. From his first star encounter with Charlie Chaplin, the memoir is filled with tales of film stars, rock legends, celebrities, Heads of State and politicians, as well as the British Royal Family. No less enjoyable are the tales of ordinary folk, just as full of laughs, tears and crazy behaviour. The memoir is full of humour, candour and genuine empathy for the common humanity that binds us all. Born in Rugby, England in 1946, his early youth was spent in Swanage, Dorset, where the family had moved to escape the German bombing while their father served in the RAF. Although not academically inclined, his charm, wit and unfailing ability to make lemonade when he was given lemons ensure his childhood and public school years are filled with adventures and hilarious mishaps. His career started in 1963 as a trainee manager at The Grand Hotel in Eastbourne, a very traditional Victorian-era five-star hotel, where he found his passion for hospitality. Half a century of social and political change comes to life, from post-war austerity and bureaucracy through the Swinging 60s and the 'Summer of Love' in Amsterdam, to England's industrial upheaval and 'Winter of Discontent' of the 70s. He moved to Australia at the dawn of a new century to open two new upscale hotels, and survived and thrived in the global financial crisis that shook the world.
