10 celebrities who practice witchcraft: Simple Antonio O. Garza, 2010-07 **SIMPLE** has many testimonies, including 2 prophecies. The following is one testimony: God called me by using my son 3 different times. First time, my little son drowns which forced me to call on God. When I had made Him some promises I wouldn't keep. Yet, God saved my son. Second time, I got angry at my wife because she wouldn't remove a car from inside our garage, when it was fixing to rain. While the starting of our driveway goes up a slope 8 feet high, then it levels off. So being angry, I made my truck tires spin sending the truck airborne. Then everything started to turn into slow motion. It was the time I remembered seeing my son playing on the driveway. I then worried my truck had crushed him. So, blinded by rage I blamed my wife. Then I heard a voice saying, look behind you. I did not want to look! But as I turned around, I saw my truck's front tire had stopped 1 from crushing my son's head. From early that morning, to late in the evening I sat outside my house meditating! The third time, I saw my son swallowing a hard candy causing him to choke. I smile because I thought I could help him, but I was not able! I could have use an old phone next to me, but I really was looking at the clock next to the phone. It had moved from zero to 2, to 8, to 12, to 19 minutes, the time my son died! So, I got angry at God, without cussing. I believe, God knew my thinking because I heard, be careful how you speak. Quickly I dropped on my knees, asking God for forgiveness of my sins. Still I said, send me to hell! But give me back my son because he is innocent. As, I kept crying out loud! Therefore, while kneeling with my open arms, I held my dead son. Yet, in a split second and with my eyes close, I felt someone tapping my back. It was my son! God had given him back to me and he was saying, I am alright daddy. Since then, I promised God I would follow him, until my last

10 celebrities who practice witchcraft: *Zen in Brazil* Cristina Rocha, 2005-12-31 Widely perceived as an overwhelmingly Catholic nation, Brazil has experienced in recent years a growth in the popularity of Buddhism among the urban, cosmopolitan upper classes. In the 1990s Buddhism in general and Zen in particular were adopted by national elites, the media, and popular culture as a set of humanistic values to counter the rampant violence and crime in Brazilian society. Despite national media attention, the rapidly expanding Brazilian market for Buddhist books and events, and general interest in the globalization of Buddhism, the Brazilian case has received little scholarly attention. Cristina Rocha addresses that shortcoming in *Zen in Brazil*. Drawing on fieldwork in Japan and Brazil, she examines Brazilian history, culture, and literature to uncover the mainly Catholic, Spiritist, and Afro-Brazilian religious matrices responsible for this particular indigenization of Buddhism. In her analysis of Japanese immigration and the adoption and creolization of the Sôtôshû school of Zen Buddhism in Brazil, she offers the fascinating insight that the latter is part of a process of cannibalizing the modern other to become modern oneself. She shows, moreover, that in practicing Zen, the Brazilian intellectual elites from the 1950s onward have been driven by a desire to acquire and accumulate cultural capital both locally and overseas. Their consumption of Zen, Rocha contends, has been an expression of their desire to distinguish themselves from popular taste at home while at the same time associating themselves with overseas cultural elites.

10 celebrities who practice witchcraft: Image Makers Robert Jackall, Janice M. Hirota, 2000-07-20 Talking dogs pitching ethnic food. Heart-tugging appeals for contributions. Recruitment calls for enlistment in the military. Tub-thumpers excoriating American society with over-the-top rhetoric. At every turn, Americans are exhorted to spend money, join organizations, rally to causes, or express outrage. Image Makers is a comprehensive analysis of modern advocacy-from commercials to public service ads to government propaganda-and its roots in advertising and public relations. Robert Jackall and Janice M. Hirota explore the fashioning of the apparatus of advocacy through the stories of two organizations, the Committee on Public Information, which sold the Great War to the American public, and the Advertising Council, which since the Second World War has been the main coordinator of public service advertising. They then turn to the career of William Bernbach, the adman's adman, who reinvented advertising and grappled creatively with the profound skepticism of a propaganda-weary midcentury public. Jackall and Hirota argue that the tools-in-trade and habits of mind of image makers have now migrated into every corner of modern society. Advocacy is now a vocation for many, and American society abounds as well with technicians in moral outrage, including street-smart impresarios, feminist preachers, and bombastic talk-radio hosts. The apparatus and ethos of advocacy give rise to endlessly shifting patterns of conflicting representations and claims, and in their midst Image Makers offers a clear and spirited understanding of advocacy in contemporary society and the quandaries it generates.

10 celebrities who practice witchcraft: Post-Weird Calum Lister Matheson, 2025-11-11

Post-Weird: Fragmentation, Community, and the Decline of the Mainstream is an ambitious look at how communities form when old forms of authority and meaning seem to be collapsing around us. This book goes beyond the fraying of contemporary American culture to ask how communities that used to be considered “fringe,” for better or worse, come together. Dr. Matheson examines far-flung groups from Appalachian serpent-handling churches to Sandy Hook conspiracy theorists, pro-anorexia Internet forums to reactionary pseudoscientists, finding consistent parallels amidst their diversity. The key trend he identifies is anti-rhetorical discourse: the insistence that the symbols shared by each community represent a hidden truth that cannot be questioned or interpreted but is revealed through signs—words, images, videos, and texts. Against these rigid worldviews, Dr. Matheson calls for a revival of the art of rhetoric, not just as a set of techniques, but as a creative, curious orientation towards the world in all of its ambiguity and uncertainty.

10 celebrities who practice witchcraft: Dislike-Minded Jonathan Gray, 2021-06-22 Explains why audiences dislike certain media and what happens when they do The study and discussion of media is replete with talk of fans, loves, stans, likes, and favorites, but what of dislikes, distastes, and alienation? Dislike-Minded draws from over two-hundred qualitative interviews to probe what the media's failures, wounds, and sore spots tell us about media culture, taste, identity, representation, meaning, textuality, audiences, and citizenship. The book refuses the simplicity of Pierre Bourdieu's famous dictum that dislike is (only) snobbery. Instead, Jonathan Gray pushes onward to uncover other explanations for what it ultimately means to dislike specific artifacts of television, film, and other media, and why this dislike matters. As we watch and listen through gritted teeth, Dislike-Minded listens to what is being said, and presents a bold case for a new line of audience research within communication, media, and cultural studies.
