tell me why the beatles: Music Everywhere Jourard, Marty, 2016-04-26 Florida Book Awards, Bronze Medal for Florida Nonfiction When the Beatles launched into fame in 1963, they inspired a generation to pick up an instrument and start a band. Rock and roll took the world by storm, but one small town in particular seemed to pump out prominent musicians and popular bands at factory pace. Many American college towns have their own story to tell when it comes to their rock and roll roots, but the story of Gainesville, Florida, is unique: dozens of resident musicians launched into national prominence, eight inducted into the Rock and Roll Hall of Fame, and a steady stream of major acts rolled through on a regular basis. From Tom Petty and the Heartbreakers to Stephen Stills and the Eagles' Don Felder and Bernie Leadon, Gainesville cultivated some of the most celebrated musicians and songwriters of the time. Marty Jourard—a member of the chart-topping band the Motels—delves into the individual stories of the musicians, businesses, and promoters that helped foster innovative, professional music and a vibrant creative atmosphere during the mid-sixties and seventies. The laid-back southern town was also host to a clash of cultures. It was home to intellectuals and rednecks, liberals and conservatives, racists and civil rights activists, farmers, businessmen, students, and hippies. Although sometimes violent and chaotic, these diverse forces brought wild rock and roll energy to the music scene and nourished it with an abundance of musical fare that included folk, gospel, soul, country, blues, and Top Forty hits. Gainesville musicians developed a sound all their own and a music scene that, decades later, is still launching musicians to the top of the charts. *Music Everywhere* brings to light a key chapter in the history of American rock and roll—a time when music was a way of life and bands popped up by the dozen, some falling by the wayside but others leaving an indelible mark. Here is the story of the people, the town, and a culture that nurtured a wellspring of talent.

tell me why the beatles: Lennon and McCartney Thomas MacFarlane, 2022-09-30 Lennon and McCartney: *Painting with Sound* explores the work of two of the most influential composers of the twentieth century. Five decades after the breakup of the Beatles, the music of John Lennon and Paul McCartney continues to fascinate and inspire. Evidence suggests that their uniquely eclectic approach can be traced back to the Liverpool College of Art. Following on that idea, this book explores the creative dialogue between John Lennon and Paul McCartney, both with the Beatles and on their own, that grew out of that early influence. The book is presented in three sections: I. *Stretching the Canvas* considers the Liverpool College of Art as the backdrop for John and Paul's early collaborations with painter and musician Stuart Sutcliffe. This is followed by discussions of select works created by the Beatles between 1962-69. II. *Extending the Space* focuses on the long-distance creative dialogue between Lennon and McCartney as demonstrated in their respective solo recordings of the 1970s. III. *New Colours* considers the final works of the Lennon and McCartney creative dialogue as well as various McCartney solo projects released in the years that followed Lennon's death in 1980. Here, the focus is on Paul's development as a painter, its effect on his creativity, and his subsequent efforts to establish the Liverpool Institute for Performing Arts as a world-class arts conservatory.
