sex and the city online season 1: Care and the City Angelika Gabauer, Sabine Knierbein, Nir Cohen, Henrik Lebuhn, Kim Trogal, Tihomir Viderman, Tigran Haas, 2021-10-24 Care and the City is a cross-disciplinary collection of chapters examining urban social spaces, in which caring and uncaring practices intersect and shape people's everyday lives. While asking how care and uncaring are embedded in the urban condition, the book focuses on inequalities in caring relations and the ways they are acknowledged, reproduced, and overcome in various spaces, discourses, and practices. This book provides a pathway for urban scholars to start engaging with approaches to conceptualize care in the city through a critical-reflexive analysis of processes of urbanization. It pursues a systematic integration of empirical, methodological, theoretical, and ethical approaches to care in urban studies, while overcoming a crisis-centered reading of care and the related ambivalences in care debates, practices, and spaces. These strands are elaborated via a conceptual framework of care and situated within broader theoretical debates on cities, urbanization, and urban development with detailed case studies from Europe, the Americas, and Asia. By establishing links to various fields of knowledge, this book seeks to systematically introduce debates on care to the interconnecting fields of urban studies, planning theory, and related disciplines for the first time.

sex and the city online season 1: Consumer Sexualities Rachel Wood, 2017-08-03 Consumer Sexualities explores women's experiences of shopping in 'sex shops' and using sexual commodities in their everyday lives. This enlightening volume shows how women take up sexual consumer 'technologies of the self' to work upon and understand themselves as confident and active sexual agents in postfeminist neoliberal culture. In guiding the reader through the historical emergence of sexual commodities 'for women' in feminism and postfeminism, Wood points to the normalisation and regulation of sexual practices and identities in and through consumption. Indeed, women's accounts show the work involved in constructing the 'right' - knowledgeable, tasteful, and confident - orientation to sexual consumption and, by extension, in becoming an intelligibly 'good' sexual person. At the same time, the author draws upon de Certeau to show how the ordinary contexts in which sexual commodities are used can lead to unpredictable moments of adaptation, discomfort, playfulness, and resistance. A rich analysis of women's everyday strategies of 'making do' with the kinds of femininity and female sexuality that sex shop culture represents, Consumer Sexualities will appeal to scholars of sociology, cultural studies and gender studies with interests in gender, sexuality, sex, and consumption.

Interdisciplinary and international in scope, HBO's New and Original Voices explores the sociocultural and political role and impact that HBO's current programmes have held and the ways in which it has translated and reinterpreted social discourses into its own televisual language. A significant intervention in television studies, media studies and cultural studies, this book illuminates the emergence of a new era of culturally relevant television that fans, students, and researchers will find lively, accessible and fascinating.

sex and the city online season 1: Sex Work and the City Yasmina Katsulis, 2009-09-15 A gateway at the U.S.-Mexico border, Tijuana is a complex urban center with a sizeable population of sex workers. An in-depth case study of the trade, Sex Work and the City is the first major ethnographic publication on contemporary prostitution in this locale, providing a detailed analysis of how sex workers' experiences and practices are shaped by policing and regulation. Contextualizing her research within the realm of occupational risk, Yasmina Katsulis examines the experiences of a diverse range of sex workers in the region and explores the implications of prostitution, particularly

regarding the spheres of class hierarchies, public health, and other broad social effects. Based on eighteen months of intensive fieldwork and nearly 400 interviews with sex workers, customers, city officials, police, local health providers, and advocates, *Sex Work and the City* describes the arenas of power and the potential for disenfranchisement created by municipal laws designed to regulate the trade. Providing a detailed analysis of this subculture's significance within Tijuana and its implications for debates over legalization of vice elsewhere in the world, Katsulis draws on powerful narratives as workers describe the risks of their world, ranging from HIV/AIDS and rape (by police or customers) to depression, work-related stress, drug and alcohol addiction, and social stigma. Insightful and compelling, *Sex Work and the City* captures the lives (and deaths) of a population whose industry has broad implications for contemporary society at large.

sex and the city online season 1: Transforming Gender, Sex, and Place Lynda Johnston, 2018-10-25 Transgender, gender variant and intersex people are in every sector of all societies, yet little is known about their relationship to place. Using a trans, feminist and queer geographical framework, this book invites readers to consider the complex relationship between transgender people, spaces and places. This book addresses questions such as, how is place and space transformed by gender variant bodies, and vice versa? Where do some gender variant people feel in and / or out of place? What happens to space when binary gender is unravelled and subverted? Exploring the diverse politics of gender variant embodied experiences through interviews and community action, this book demonstrates that gendered bodies are constructed through different social, cultural and economic networks. Firsthand stories and international examples reveal how transgender people employ practices and strategies to both create and contest different places, such as: bodies; homes; bathrooms; activist spaces; workplaces; urban night spaces; nations and transnational borders. Arguing that bodies, gender, sex and space are inextricably linked, this book brings together contemporary scholarly debates, original empirical material and popular culture to consider bodies and spaces that revolve around, and resist, binary gender. It will be a valuable resource in Geography, Gender and Sexuality studies.

All articles aim to foster nuanced judgments on literature, culture, and popular media in the US. The media discussed here mirror the multiplicity of voices within the US, indicating the tremendous variety of cultural and political positions. This collection of new essays first situates the millennials within their historical context and then proceeds to an examination of specific characteristics--as addressed in the television and film narratives created about them, including

sex and the city online season 1: *Feel-Bad Postfeminism* Catherine McDermott, 2022-06-02 In *Feel-Bad Postfeminism*, Catherine McDermott provides crucial insight into what growing up during empowerment postfeminism feels like, and outlines the continuing postfeminist legacy of resilience in girlhood coming-of-age narratives. McDermott's analysis of *Gone Girl* (2012), *Girls* (2012–2017) and *Appropriate Behaviour* (2012) illuminates a major cultural turn in which the pleasures of postfeminist empowerment curdle into a profound sense of rage and resentment. By contrast, close examination of *The Hunger Games* (2008–2010), *Girlhood* (2014) and *Catch Me Daddy* (2014) reveals that contemporary genres are increasingly constructing girls as uniquely capable of resiliently overcoming and adapting to unforgiving social conditions. She develops an affective vocabulary to better understand contemporary modes of defiant, transformative and relational resilience, as well as a framework through which to expand on further modes that are specific to the genres they emerge within. Overall, the book suggests that exploration of the affective dimensions of girls' and women's culture can offer new insights into how coming-of-age, girlhood and femininity are culturally produced in the aftermath of postfeminism.

sex and the city online season 1: *Why Men Buy Sex* Philip Birch, 2015-02-20 Sex work has been a contentious issue in a variety of ways throughout history – socially, morally, ethically, religiously and politically. Traditionally noted as one of the oldest professions in the world, sex work has commonly been demonised and is often viewed as a social disgrace. While sex work involves both providers of sexual services, most commonly women, and purchasers of sexual services, most commonly men, providers have attracted the most social commentary. Recent research shows that a limited number of studies have been conducted since 1990 concerning men who procure sexual services. This book aims to help reset this balance. In this book, Philip Birch examines the procurement of female sexual services with a focus on the personal and social aspects of men who procure such exchanges and offers insight into the demographics amongst men who purchase sexual services, alongside an analysis of the reasons why they purchase sex. This book brings together existing literature with analyses of new data to develop a multi-factor model reflecting men's procurement of sexual services and demonstrates the complexities surrounding the procurement of these sexual services in exchange for money. The book considers what contribution the understanding of the personal and social aspects of men who procure sexual services has on re-theorising the purchasing of sex in the 21st Century and will be of interest to academics and students involved in the study of criminology, criminal justice, social policy, law, sociology, sexuality and gender studies.

sex and the city online season 1: *Storying Relationships* Richard Phillips, Claire Chambers, Nafhesa Ali, Kristina Diprose, Indrani Karmakar, 2021-04-22 *Storying Relationships* explores the sexual lives of young British Muslims in their own words and through their own stories. It finds engaging and surprising stories in a variety of settings: when young people are chatting with their friends; conversing more formally within families and communities; scribbling in their diaries; and writing blogs, poems and books to share or publish. These stories are interesting to read and to hear, but they also have wider significance because they challenge stereotypes about Muslims, who

are portrayed as unhappy in love and sexually different, even dangerous. The young people who emerge in this book, contradicting racist and Islamophobic stereotypes, are assertive and creative, finding and making their own ways in matters of the body and the heart. Their stories – about single life, meeting and dating, pressure and expectations, sex, love, marriage and dreams – are at once specific to the young British Muslims who tell them, and resonant reflections of human experience.
