The phrase "this is the only level" refers to the fact that the entire game experience centers around solving a single, complex challenge rather than progressing through multiple stages. This unique approach has made it a favorite among puzzle enthusiasts who enjoy immersive and intense problem-solving sessions.

The Educational Value Behind the Challenge

Hooda Math games are primarily designed to improve mathematical skills and logical reasoning. Even in "this is the only level," the educational component is very much present. The challenge encourages players to:
