QA, posing a multitude of research challenges, has emerged as one of the most actively investigated topics in information retrieval, natural language processing, and the artificial intelligence communities today. The flip side of such diverse and active interest is that publications are highly fragmented across several venues in the above communities, making it very difficult for new entrants to the field to get a good overview of the topic. Through this book, we make an attempt towards mitigating the above problem by providing an overview of the state-of-the-art in question answering. We cover the twin paradigms of curated Web sources used in QA tasks – trusted text collections like Wikipedia, and objective information distilled into large-scale knowledge bases. We discuss distinct methodologies that have been applied to solve the QA problem in both these paradigms, using instantiations of recent systems for illustration. We begin with an overview of the problem setup and evaluation, cover notable sub-topics like open-domain, multi-hop, and conversational QA in depth, and conclude with key insights and emerging topics. We believe that this resource is a valuable contribution towards a unified view on QA, helping graduate students and researchers planning to work on this topic in the near future.

forrest gump questions and answers: The Visionary Window Amit Goswami, 2012-12-19 Does God exist? Can spirituality be integrated with science? Is happiness possible? Do miracles really happen? Not only does The Visionary Window answer yes to all of these questions, but it skillfully combines the fields of philosophy, cosmology, religion, and psychology to form a new way of thinking about science and spirituality. Stepping beyond the classic work of prominent seventies physicist Fritjof Capra, Goswami details his own pioneering exploration of science and spirit, revealing the complete integration between modern science and spiritual traditions. Using stories and colorful examples from pop culture, Goswami addresses complex issues in language and terminology easily accessible to the lay reader. He provides quantum physics-based theory and new experimental data verifying the metaphysical truth that exists when employed in the context of a new science, science within the primacy of consciousness. With a new holistic worldview, Goswami also discusses the creativity of the body to self heal; the power of spiritual practice and how to choose a meditative path; and the five stages of spiritual growth, culminating in the ability to transcend the physical laws of nature. forrest gump questions and answers: Cousins Maine Lobster Jim Tselikis, Sabin Lomac, 2018-04-17 Required Reading, The New York Post From the co-founders of the smash hit Cousins Maine Lobster food trucks comes a business book revealing to new entrepreneurs how the authors built their brand through integrity and authenticity. In early 2012, Jim Tselikis visited L.A. and met up with his cousin Sabin Lomac. Over a few drinks they waxed nostalgic about their childhood in

Maine, surrounded by family, often elbow deep in delicious lobster while gathered around the picnic table. From this strong memory was born the very first Cousins Maine Lobster food truck. Smart, authentic marketing, and sustainable, delicious ingredients helped turn that one food truck into an overnight sensation. Then, in just three years, they went from a single food truck to a nationally-franchised legion of trucks, an online delivery service, and a brick-and-mortar restaurant, grossing over \$15 million dollars in sales a year. Start-up fever has taken hold of America, and there are hundreds of books to teach readers how to become an entrepreneur; this is the first book to answer the question: What's next? At each step, Jim and Sabin were faced with hard decisions—opening each new food truck carefully instead of rushing to meet the demand; turning down a six-figure franchise offer because it came from someone who didn't support their vision; turning down Shark Tank (twice) until they could insist on participating only if Barbara Corcoran was one of the Sharks. Now Jim and Sabin teach readers how they, too, can reach the next level of success in their own businesses, without having to compromise themselves.

Further to this, life's storms seem to amplify God's silence. Yet there is never a time when the Master of the wind and waves is more attentive. Weathering Storms probes these dynamics in depth. Your crisis experience will end. And when it does you will never be the same. But the person you become after arriving on the other side of the storm is reborn with new strength, insight, and wisdom. You will never want to go back to the person you once were, that is, if you walk the journey and weather the storm.

forrest gump questions and answers: Movies and Midrash Wendy I. Zierler, 2017-08-15 Finalist for the 2017 National Jewish Book Award in Modern Jewish Thought and Experience presented by the Jewish Book Council Movies and Midrash uses cinema as a springboard to discuss central Jewish texts and matters of belief. A number of books have drawn on films to explicate Christian theology and belief, but Wendy I. Zierler is the first to do so from a Jewish perspective, exploring what Jewish tradition, text, and theology have to say about the lessons and themes arising from influential and compelling films. The book uses the method of inverted midrash: while classical rabbinical midrash begins with exegesis of a verse and then introduces a mashal (parable) as a means of further explication, Zierler turns that process around, beginning with the culturally familiar cinematic parable and then analyzing related Jewish texts. Each chapter connects a secular film to a different central theme in classical Jewish sources or modern Jewish thought. Films covered include The Truman Show (truth), Memento (memory), Crimes and Misdemeanors (sin), Magnolia (confession and redemption), The Descendants (birthright), Forrest Gump (cleverness and simplicity), and The Hunger Games (creation of humanity in God's image), among others.
