

# the native people of alaska 2nd edition

The Native People of Alaska 2nd Edition: Exploring Heritage, Culture, and Resilience

**the native people of alaska 2nd edition** invites us to dive deeper into the rich tapestry of Indigenous cultures that have thrived in Alaska for thousands of years. This updated exploration sheds new light on the history, traditions, and ongoing narratives of Alaska's first peoples—groups whose ancestral roots stretch back millennia across the vast Arctic and sub-Arctic landscapes. Whether you're curious about the Inuit, Yup'ik, Aleut, or Athabaskan communities, this edition offers fresh perspectives that celebrate their enduring heritage while addressing contemporary challenges and achievements.

## Understanding the Diversity of Alaska's Native Peoples

Alaska is home to a remarkable array of Indigenous groups, each with unique languages, customs, and histories. The native people of Alaska 2nd edition emphasizes this diversity, moving beyond generalizations to highlight the distinctiveness of each culture.

### Major Indigenous Groups

The native populations can broadly be categorized into several groups:

- **Inupiat and Yup'ik:** Predominantly residing in northern and southwestern Alaska, these Arctic peoples have traditionally depended on marine hunting, fishing, and gathering.
- **Aleut (Unangan):** Inhabitants of the Aleutian Islands, skilled in seafaring and known for their distinctive kayak craftsmanship.
- **Athabaskan:** Interior Alaska's forest dwellers, hunters, and gatherers with complex social structures and spiritual beliefs.
- **Alutiiq (Sugpiaq):** Coastal communities along the southern shores, with rich traditions in fishing and berry gathering.

This variety is key to appreciating the native people of Alaska 2nd edition, as it reflects the adaptability and resilience required to survive in some of the world's most challenging environments.

## Cultural Practices and Traditions

Exploring the native people of Alaska 2nd edition means immersing ourselves in the customs that have been passed down through generations. From storytelling and art to subsistence hunting and

spiritual ceremonies, these traditions form the backbone of Indigenous identity.

## **Language Preservation**

One of the most vital aspects discussed in this edition is the effort to preserve Indigenous languages. Many Alaska Native languages are endangered, but there has been a resurgence in language programs and immersion schools. These initiatives not only keep the languages alive but also strengthen cultural pride and community bonds.

## **Subsistence Lifestyle**

Unlike many modern societies, subsistence hunting, fishing, and gathering remain central to the native people of Alaska 2nd edition. This lifestyle is more than survival; it's a profound connection to the land and sea that sustains both body and spirit. Caribou, salmon, seals, and berries are staples, and the knowledge of seasonal cycles is passed orally from elders to youth.

## **Art, Storytelling, and Spirituality**

The arts and spiritual beliefs of Alaska's Indigenous peoples offer profound insights into their worldview. The native people of Alaska 2nd edition explores vibrant forms of expression that communicate identity, history, and values.

## **Traditional Art Forms**

Alaska Native art includes intricate beadwork, carving, weaving, and tattooing. Each piece often carries symbolic meaning, connecting the maker to their ancestors and the natural world. Masks used in ceremonial dances, for example, tell stories of transformation and animal spirits.

## **Oral Traditions and Storytelling**

Stories are more than entertainment; they are educational tools that preserve history, explain natural phenomena, and teach moral lessons. Elders serve as living libraries, recounting tales that shape community values. The native people of Alaska 2nd edition highlights how storytelling remains a vibrant, evolving practice, blending ancient lore with contemporary themes.

## **Challenges and Resilience in Modern Times**

While celebrating cultural richness, the native people of Alaska 2nd edition also confront the realities of modern challenges, including climate change, economic pressures, and political struggles.

## **Environmental Changes Impacting Subsistence**

Warming temperatures and shifting ecosystems threaten traditional food sources. Melting sea ice affects marine mammal migration, while altered weather patterns complicate hunting and fishing schedules. Indigenous communities are at the forefront of climate research and advocacy, sharing valuable traditional ecological knowledge.

## **Legal Rights and Land Claims**

The Alaska Native Claims Settlement Act (ANCSA) of 1971 was a landmark legislation, but its effects remain complex. Many communities continue to negotiate land rights and fight for sovereignty and self-determination. The 2nd edition underscores ongoing efforts to balance development with cultural preservation.

## **Education and Economic Development**

Balancing traditional lifestyles with access to modern education and economic opportunities is a vital topic. Many Alaska Native organizations focus on creating culturally relevant education programs and sustainable economic initiatives that support community well-being without eroding cultural foundations.

## **Celebrating Contemporary Alaska Native Achievements**

The native people of Alaska 2nd edition showcases inspiring stories of individuals and communities who are leading the way in arts, politics, education, and environmental stewardship.

## **Leadership and Advocacy**

Alaska Native leaders have made significant strides in government, non-profit sectors, and grassroots movements. Their advocacy ensures that Indigenous voices influence policy decisions affecting their lands and futures.

## **Artistic Innovation**

Contemporary Alaska Native artists blend traditional techniques with modern media, gaining national and international recognition. This creative fusion helps educate broader audiences about Indigenous perspectives and history.

## Community Initiatives

From language revitalization programs to sustainable fisheries management, many grassroots initiatives reflect the resilience and innovation of Alaska Native communities. These efforts foster cultural pride while addressing current social and environmental challenges.

---

Exploring the native people of Alaska 2nd edition reveals a vibrant, dynamic culture deeply connected to the land and sea. It is a story of endurance, adaptation, and hope—one that continues to evolve as these communities navigate the complexities of the 21st century while honoring their rich heritage. Whether through language, art, or activism, Alaska's Indigenous peoples offer invaluable lessons on living in harmony with nature and preserving identity in a changing world.

## Frequently Asked Questions

### What topics are covered in 'The Native People of Alaska 2nd Edition'?

The book covers the history, culture, traditions, and contemporary issues of Alaska's Native peoples, including groups such as the Inuit, Yupik, Aleut, and various Athabaskan communities.

### Who is the author of 'The Native People of Alaska 2nd Edition'?

The book is authored by Robert H. Ruby and John A. Brown, who are recognized experts in Alaska Native history and culture.

### How does the 2nd edition differ from the first edition of 'The Native People of Alaska'?

The 2nd edition includes updated information, expanded chapters on modern developments, additional photographs, and incorporates recent research and perspectives on Alaska Native communities.

### Why is 'The Native People of Alaska 2nd Edition' important for understanding Alaska's history?

It provides a comprehensive and accurate portrayal of Alaska Native peoples' contributions, struggles, and resilience, offering valuable context to the state's cultural and historical landscape.

### Which Alaska Native groups are highlighted in the book?

The book highlights major groups such as the Inupiaq, Yupik, Aleut, Tlingit, Haida, Tsimshian, and Athabaskan peoples.

## **Is 'The Native People of Alaska 2nd Edition' suitable for educational purposes?**

Yes, the book is widely used in academic settings for teaching Alaska Native history and culture, suitable for high school and college students.

## **Does the book discuss the impact of colonization on Alaska Native communities?**

Yes, it addresses the effects of Russian and American colonization, including cultural changes, displacement, and efforts toward preservation and revitalization.

## **Are there illustrations or photographs included in the 2nd edition?**

Yes, the 2nd edition contains numerous photographs, maps, and illustrations that help bring the narratives and histories to life.

## **Can 'The Native People of Alaska 2nd Edition' help with understanding contemporary Alaska Native issues?**

Absolutely, the book covers contemporary challenges such as land rights, cultural preservation, economic development, and political representation.

## **Where can one purchase or access 'The Native People of Alaska 2nd Edition'?**

The book is available through major bookstores, online retailers like Amazon, and academic libraries specializing in Native American and Alaskan studies.

## **Additional Resources**

The Native People of Alaska 2nd Edition: An In-Depth Exploration of Heritage, Culture, and Contemporary Life

**the native people of alaska 2nd edition** offers a renewed and comprehensive examination of the diverse indigenous communities that have inhabited Alaska for thousands of years. This updated exploration sheds light on the complex cultural tapestries, evolving social dynamics, and pressing challenges faced by Alaska's native populations today. Through an investigative lens, this article delves into the historical roots, cultural identities, and modern realities of Alaska's native peoples, emphasizing their resilience and ongoing contribution to the state's cultural and ecological landscape.

# Historical Context and Indigenous Diversity in Alaska

Alaska is home to a wide array of native groups, each with distinct languages, traditions, and histories. The term “native people of Alaska” encompasses several major indigenous groups, including the Inupiat, Yupik, Aleut (Unangan), Tlingit, Haida, Tsimshian, and Athabaskan peoples. The 2nd edition of studies on these communities underscores the importance of recognizing this diversity rather than viewing Alaska’s natives as a monolithic entity.

Archaeological evidence indicates that the ancestors of Alaska’s native peoples migrated to the region more than 10,000 years ago, adapting to the harsh Arctic and sub-Arctic environments with innovative survival strategies. This deep historical connection to the land forms the foundation of their cultural identities and spiritual beliefs.

## Linguistic and Cultural Distinctions

Alaska’s native languages belong primarily to three language families: Eskimo-Aleut, Athabaskan, and Tlingit-Tsimshian-Haida. Each language family reflects unique cultural practices and worldviews:

- **Eskimo-Aleut languages** are spoken by the Inupiat, Yupik, and Aleut peoples, known for their subsistence lifestyles centered on marine hunting and fishing.
- **Athabaskan languages** are spoken by interior groups who traditionally relied on caribou hunting, trapping, and gathering.
- **Tlingit, Haida, and Tsimshian languages** are coastal languages with rich oral traditions and complex social structures.

The 2nd edition highlights how language preservation efforts have intensified as native communities seek to revitalize endangered dialects that are critical to maintaining cultural continuity.

## Subsistence Practices and Environmental Stewardship

One of the defining features of Alaska’s native peoples is their sustainable relationship with the environment. Subsistence hunting, fishing, and gathering remain central to their livelihoods and cultural practices. The 2nd edition provides updated data on subsistence patterns, illustrating how these activities are not merely food procurement strategies but integral to social cohesion and cultural expression.

## Adaptation to Climate Change

Climate change poses unprecedented challenges to Alaska’s indigenous communities by altering ice

conditions, wildlife migration patterns, and plant availability. These environmental shifts threaten traditional subsistence economies and necessitate adaptive strategies. The latest research compiled in the 2nd edition shows how native communities are engaging in scientific partnerships and local knowledge integration to monitor environmental changes and advocate for sustainable policies.

## **Contemporary Social Issues and Political Advocacy**

The native people of Alaska face a complex array of social and economic challenges, including health disparities, educational access, and infrastructure limitations. The 2nd edition provides a nuanced analysis of these issues, contextualizing them within historical traumas such as colonization, forced relocations, and assimilationist policies.

### **Health and Education**

Data from recent years reveal that Alaska Natives experience higher rates of certain health conditions, including diabetes and substance abuse, compared to the general population. However, community-driven health initiatives and culturally tailored programs have shown promising results in addressing these disparities.

In education, efforts to incorporate indigenous knowledge and languages into curricula are gaining momentum. Programs aimed at increasing graduation rates among native youth emphasize culturally relevant pedagogy and community involvement.

### **Political Representation and Sovereignty**

Alaska Native corporations and tribal governments play pivotal roles in asserting indigenous sovereignty and economic development. The 2nd edition explores the evolving landscape of native political advocacy, including:

- Land claims settlements under the Alaska Native Claims Settlement Act (ANCSA)
- Tribal self-governance and legal jurisdiction
- Engagement in state and federal policymaking processes

This political activism is instrumental in protecting native rights and shaping Alaska's future.

## **Cultural Revitalization and Artistic Expression**

Cultural preservation is a central theme in the renewed discourse on Alaska's indigenous peoples.

From traditional dance and storytelling to contemporary art and literature, native communities are actively reclaiming and reinterpreting their heritage.

## **Artistic Contributions**

Alaska Natives have long been recognized for their craftsmanship, including ivory carving, basket weaving, and totem pole carving. The 2nd edition highlights how modern native artists blend ancestral motifs with contemporary themes to create works that resonate both within and beyond their communities.

## **Festivals and Community Events**

Annual gatherings such as the World Eskimo-Indian Olympics and regional cultural festivals serve as vital platforms for intergenerational exchange and cultural education. These events foster pride, unity, and cross-cultural understanding, reinforcing the living nature of Alaska's indigenous traditions.

## **Challenges and Opportunities in the 21st Century**

While the native people of Alaska have demonstrated extraordinary resilience, they continue to navigate complex challenges amidst rapid social and environmental change. The 2nd edition underscores the importance of collaborative approaches that respect indigenous knowledge systems and promote sustainable development.

## **Economic Development vs. Cultural Integrity**

Economic initiatives, including resource extraction and tourism, present both opportunities and risks. Balancing economic growth with the preservation of sacred sites and subsistence rights remains a contentious and delicate issue. Alaska Native corporations often find themselves at the crossroads of these competing interests.

## **Technology and Connectivity**

Advancements in technology offer new avenues for education, healthcare, and cultural transmission. Increasing internet access in remote villages facilitates telemedicine and virtual classrooms, while digital archiving helps safeguard languages and oral histories. However, disparities in infrastructure continue to limit equitable access.

The native people of Alaska 2nd edition thus captures a dynamic portrait of indigenous life—anchored in tradition yet engaged with modernity. This multifaceted perspective invites ongoing dialogue and deeper understanding of Alaska's native populations, their enduring legacies, and their aspirations for the future.

## **The Native People Of Alaska 2nd Edition**

**the native people of alaska 2nd edition:** American Indian Education, 2nd Edition Jon Reyhner, Jeanne Eder, 2017-11-02 Before Europeans arrived in North America, Indigenous peoples spoke more than three hundred languages and followed almost as many distinct belief systems and lifeways. But in childrearing, the different Indian societies had certain practices in common—including training for survival and teaching tribal traditions. The history of American Indian education from colonial times to the present is a story of how Euro-Americans disrupted and suppressed these common cultural practices, and how Indians actively pursued and preserved them. American Indian Education recounts that history from the earliest missionary and government attempts to Christianize and “civilize” Indian children to the most recent efforts to revitalize Native cultures and return control of schools to Indigenous peoples. Extensive firsthand testimony from teachers and students offers unique insight into the varying experiences of Indian education. Historians and educators Jon Reyhner and Jeanne Eder begin by discussing Indian childrearing practices and the work of colonial missionaries in New France (Canada), New England, Mexico, and California, then conduct readers through the full array of government programs aimed at educating Indian children. From the passage of the Civilization Act of 1819 to the formation of the Bureau of Indian Affairs in 1824 and the establishment of Indian reservations and vocation-oriented boarding schools, the authors frame Native education through federal policy eras: treaties, removal, assimilation, reorganization, termination, and self-determination. Thoroughly updated for this second edition, American Indian Education is the most comprehensive single-volume account, useful for students, educators, historians, activists, and public servants interested in the history and efficacy of educational reforms past and present.

**the native people of alaska 2nd edition: The Extraordinary Book of Native American Lists** Arlene Hirschfelder, Paulette F. Molin, 2012-03-22 While Native Americans are perhaps the most studied people in our society, they too often remain the least understood and visible. Fictions and stereotypes predominate, obscuring substantive and fascinating facts about Native societies. The Extraordinary Book of Native American Lists works to remedy this problem by compiling fun, unique, and significant facts about Native groups into one volume, complete with references to additional online and print resources. In this volume, readers can learn about Native figures from a diverse range of cultures and professions, including award-winning athletes, authors, filmmakers, musicians, and environmentalists. Readers are introduced to Native U.S. senators, Medal of Freedom winners, Medal of Honor recipients, Major League baseball players, and U.S. Olympians, as well as a U.S. vice president, a NASA astronaut, a National Book Award recipient, and a Pulitzer Prize winner. Other categories found in this book are: History Stereotypes and Myths Tribal Government Federal-Tribal Relations State-Tribal Relations Native Lands and Environmental Issues Health Religion Economic Development Military Service and War Education Native Languages Science and Technology Food Visual Arts Literary and Performing Arts Film Music and Dance Print, Radio, and Television Sports and Games Exhibitions, Pageants, and Shows Alaska Natives Native Hawaiians Urban Indians Including further fascinating facts, this wonderful resource will be a great addition not only to tribal libraries but to public and academic libraries, individuals, and scholars as well.

**the native people of alaska 2nd edition: Native American Almanac** Yvonne Wakim Dennis, Arlene Hirschfelder, Shannon Rothenberger Flynn, 2016-04-18 Explore the vibrant Native American experience with this comprehensive and affordable historical overview of Indigenous communities and Native American life! The impact of early encounters, past policies, treaties, wars, and prejudices toward America’s Indigenous peoples is a legacy that continues to mark America. The history of the United States and Native Americans are intertwined. Agriculture, place names, and language have all been influenced by Native American culture. The stories and history of pre- and post-colonial Tribal Nations and peoples continue to resonate and informs the geographical

boundaries, laws, language and modern life. From ancient rock drawings to today's urban living, the *Native American Almanac: More than 50,000 Years of the Cultures and Histories of Indigenous Peoples* traces the rich heritage of indigenous people. It is a fascinating mix of biography, pre-contact and post-contact history, current events, Tribal Nations' histories, enlightening insights on environmental and land issues, arts, treaties, languages, education, movements, and more. Ten regional chapters, including urban living, cover the narrative history, the communities, land, environment, important figures, and backgrounds of each area's Tribal Nations and peoples. The stories of 345 Tribal Nations, biographies of 400 influential figures in all walks of life, Native American firsts, awards, and statistics are covered. 150 photographs and illustrations bring the text to life. The most complete and affordable single-volume reference work about Native American culture available today, the *Native American Almanac* is a unique and valuable resource devoted to illustrating, demystifying, and celebrating the moving, sometimes difficult, and often lost history of the indigenous people of America. Capturing the stories and voices of the American Indian of yesterday and today, it provides a range of information on Native American history, society, and culture. A must have for anyone interested in our America's rich history!

**the native people of alaska 2nd edition: *The New Alaska Cookbook*** Kim Severson, Glenn Denkler, 2001-01-01 In a state where weather, geography, and even the palate of the population can pose a serious challenge in the kitchen, Alaska's best chefs keep a big bottle of creativity within arm's reach. Combine this creative juice with the state's wondrous natural bounty and the result is the new Alaskan cuisine -- a sophisticated, regional food of the North. With an emphasis on fresh ingredients and culinary style, this is the first cookbook to gather recipes from Alaska's best chefs in one exciting cookbook. From the fat diver scallops of Kodiak Island to the prized salmon from the Copper River, here are 120 recipes that will conjure up the wonder of the Alaskan experience for home cooks everywhere.

**the native people of alaska 2nd edition: *Rivers of North America*** Arthur C. Benke, Colbert E. Cushing, 2011-09-06 AWARDS:2006 Outstanding Academic Title, by CHOICE The 2005 Award for Excellence in Professional and Scholarly Publishing by the Association of American Publishers (AAP) Best Reference 2005, by the Library Journal *Rivers of North America* is an important reference for scientists, ecologists, and students studying rivers and their ecosystems. It brings together information from several regional specialists on the major river basins of North America, presented in a large-format, full-color book. The introduction covers general aspects of geology, hydrology, ecology and human impacts on rivers. This is followed by 22 chapters on the major river basins. Each chapter begins with a full-page color photograph and includes several additional photographs within the text. These chapters feature three to five rivers of the basin/region, and cover several other rivers with one-page summaries. Rivers selected for coverage include the largest, the most natural, and the most affected by human impact. This one-of-a-kind resource is professionally illustrated with maps and color photographs of the key river basins. Readers can compare one river system to another in terms of its physiography, hydrology, ecology, biodiversity, and human impacts.\* Extensive treatment provides a single source of information for North America's major rivers\* Regional specialists provide authoritative information on more than 200 rivers\* Full-color photographs and topographical maps demonstrate the beauty, major features, and uniqueness of each river system\* One-page summaries help readers quickly find key statistics and make comparisons among rivers

**the native people of alaska 2nd edition: *The World of Indigenous North America*** Robert Warrior, 2014-12-05 *The World of Indigenous North America* is a comprehensive look at issues that concern indigenous people in North America. Though no single volume can cover every tribe and every issue around this fertile area of inquiry, this book takes on the fields of law, archaeology, literature, socio-linguistics, geography, sciences, and gender studies, among others, in order to make sense of the Indigenous experience. Covering both Canada's First Nations and the Native American tribes of the United States, and alluding to the work being done in indigenous studies through the rest of the world, the volume reflects the critical mass of scholarship that has developed

in Indigenous Studies over the past decade, and highlights the best new work that is emerging in the field. *The World of Indigenous North America* is a book for every scholar in the field to own and refer to often. Contributors: Chris Andersen, Joanne Barker, Duane Champagne, Matt Cohen, Charlotte Cote, Maria Cotera, Vincente M. Diaz, Elena Maria Garcia, Hanay Geiogamah, Carole Goldberg, Brendan Hokowhitu, Sharon Holland, LeAnne Howe, Shari Huhndorf, Jennie Joe, Ted Jojola, Daniel Justice, K. Tsianina Lomawaima, Jose Antonio Lucero, Tiya Miles, Felipe Molina, Victor Montejo, Aileen Moreton-Robinson, Val Napoleon, Melissa Nelson, Jean M. O'Brien, Amy E. Den Ouden, Gus Palmer, Michelle Raheja, David Shorter, Noenoe K. Silva, Shannon Speed, Christopher B. Teuton, Sean Teuton, Joe Watkins, James Wilson, Brian Wright-McLeod

**the native people of alaska 2nd edition: Alaska Native Tribes, ANCSA Corporations, and Other Organizations** Lydia Hays, 2015-07-13 Learn about Alaska's unique indigenous people who have lived thousands of years in a subsistence economy and unconquered. See how today's Alaska Native people exhibit remarkable resilience and adaptability despite the arrival of foreigners to Alaska in the mid-1700s, who sought natural resources and brought death and disease that claimed many indigenous lives. Clear descriptions, facts, charts, lists, and maps tell about the 230 Alaska Native tribes and more than 350 Alaska Native-owned for profit and nonprofit organizations that have emerged over the past 65 years. A stunning 25,000 year timeline depicts archeological sites which helped provide the basis for aboriginal land rights in the historic Alaska Native Land Claims Settlement in 1971. Today, Alaska Native people comprise about 20 percent of Alaska's population and their institutions are a major player in Alaska's diverse economy. Easy to read, you will gain an essential understanding about these modern institutions that have been successfully integrated with traditional subsistence values and are improving the lives of Alaska Native people and all of Alaska.

**the native people of alaska 2nd edition: Encyclopedia of Social Work**, 1965

**the native people of alaska 2nd edition: Disciplinary Futures** Nadia Y. Kim, Pawan Dhingra, 2023-06-20 As Ethnic Studies grows across campuses, traditional disciplines need to change. *Disciplinary Futures* brings together leading scholars who explain why and how fields of study can learn from one another in order to advance research on race/racism, white supremacy, and racial justice--

**the native people of alaska 2nd edition: Social Work Practice with Ethnically and Racially Diverse Nursing Home Residents and Their Families** Patricia Kolb, 2007-07-06 The first of its kind, this volume is a critical companion for service providers who work with African American, American Indian, Chinese, Italian, Japanese, Korean, Mexican American, and Puerto Rican elders and their families in nursing homes and other care settings. These groups are likely to use nursing homes in larger numbers as cultural shifts, such as higher divorce rates and increased outside-of-home employment for females, transform traditional family dynamics. Contributors are experienced social workers, and most belong to the specific ethnic or racial group that is the focus of their chapter and have also provided nursing home services to this group. They provide a wealth of demographic, historical, cultural, and practice information crucial to understanding and providing services to older adults and their families. Many nursing home residents experience physical and/or cognitive debilitation and increased dependence as older adults, and cultural and situational differences create variations in how these changes are experienced and addressed. In this volume, contributors touch upon all of these areas, as well as ways in which prejudice and discrimination have shaped intergenerational and other relationships for members of specific ethnic and racial groups. Little has been written about the characteristics, needs, and experiences of racially and ethnically diverse nursing home residents and their families and requirements for culturally competent social work practice. Written by social workers for social workers and other service providers, this book fills a gap in a rapidly growing area of gerontological service and provides a truly comprehensive examination of cultural and practice phenomena.

**the native people of alaska 2nd edition: Resources in Education**, 1997

**the native people of alaska 2nd edition: Multicultural Psychology** Gordon Nagayama Hall, 2015-08-26 This text introduces student to cultural and minority status issues in psychology, and the

role of multicultural issues in mainstream research. It focuses on multiple cultural groups that co-exist in the United States, and the sociopolitical aspects of this co-existence. An emphasis on empirical research findings complements the “real life” relevance of multicultural psychology.

**the native people of alaska 2nd edition: *Field Guide to Rivers of North America*** Arthur C. Benke, Colbert E. Cushing, 2009-11-25 Based on the comprehensive, award-winning book *Rivers of North America*, the new *Field Guide to Rivers of North America* describes 200 of North America's most significant rivers in a reader-friendly, concise format. The guide is organized by geographic regions - each section begins with a map showing the relationship of rivers within one territory and a summary of the region's most important elements. Each individual river summary includes a two-page spread with a basin map, a full-color photograph and key river characteristics. The compact format of this guide will be particularly useful to scientists carrying out field research in areas such as field ecology, entomology, botany. It is an easy-to-use reference that can easily be packed away with other scientific gear. Anglers and recreational boating enthusiasts will find a wealth of information on river topography, native and nonnative fish species, as well as average temperatures that will help them plan their next adventure. The only field guide to cover this broad geographic area. Each river features: - Color topographic river basin map - Color photograph - Precipitation graph - Vital physical and biological statistics

**the native people of alaska 2nd edition: *Future Earth*** Diana Dalbotten, Gillian Roehrig, Patrick Hamilton, 2014-04-08 Earth now is dominated by both biogeophysical and anthropogenic processes, as represented in these two images from a simulation of aerosols. Dust (red) from the Sahara sweeps west across the Atlantic Ocean. Sea salt (blue) rises into the atmosphere from winds over the North Atlantic and from a tropical cyclone in the Indian Ocean. Organic and black carbon (green) from biomass burning is notable over the Amazon and Southeast Asia. Plumes of sulfate (white) from fossil fuel burning are particularly prominent over northeastern North America and East Asia. If present trends of dust emissions and fossil fuel burning continues in what we call the Anthropocene epoch, then we could experience high atmospheric CO<sub>2</sub> levels leading to unusual warming rarely experienced in Earth's history. This book focuses on human influences on land, ocean, and the atmosphere, to determine if human activities are operating within or beyond the safe zones of our planet's biological, chemical, and physical systems. Volume highlights include: Assessment of civic understanding of Earth and its future Understanding the role of undergraduate geoscience research and community-driven research on the Anthropocene Effective communication of science to a broader audience that would include the public, the K-12 science community, or populations underrepresented in the sciences Public outreach on climate education, geoscience alliance, and scientific reasoning *Future Earth* is a valuable practical guide for scientists from all disciplines including geoscientists, museum curators, science educators, and public policy makers.

**the native people of alaska 2nd edition: *Archaeology and the Capitalist World System*** Aron L. Crowell, 2013-11-11 This fascinating monograph employs a world system model as the basis for archaeological investigation of Russian America that relates local findings to global patterns. Author Aron Crowell examines Russian, Spanish, and American historical sources along with the archaeological evidence to uncover a preliterate culture that left no written record of its contact with European colonial powers. Crowell's particular subject is the indigenous Qikertarmiut people of Kodiak Island off the coast of Alaska. The special case of this tribe serves as a microcosm of the history of colonialism, demonstrating how early European capitalism impacted and, in some cases, destroyed indigenous societies.

**the native people of alaska 2nd edition: *Current Bibliographies in Medicine***, 1988

**the native people of alaska 2nd edition: *Native American Placenames of the United States*** William Bright, 2004 This volume combines historical research and linguistic fieldwork with native speakers from across the United States to present the first comprehensive, up-to-date, scholarly dictionary of American placenames derived from native languages. Linguist William Bright assembled a team of twelve editorial consultants - experts in Native American languages - and many other native contributors to prepare this lexicon of eleven thousand placenames along with their

etymologies. New data from leading scholars make this volume an invaluable reference for students of American Indian culture, folklore, and local histories. Bright's introduction explains his methodology and the contents of each entry. This comprehensive, alphabetical lexicon preserves native language as it details the history and culture found in American Indian placenames.

### **the native people of alaska 2nd edition: Health Promotion in Multicultural Populations**

Robert M. Huff, Michael V. Kline, Darleen V. Peterson, 2014-01-02 Edited by Robert M. Huff, Michael V. Kline, and Darleen V. Peterson, the Third Edition of Health Promotion in Multicultural Populations offers both students and practitioners an indispensable resource on assessment and implementation guidelines for promoting health and enhancing behaviors that optimize health in any cultural community. Leading experts explore a wide range of topics, including the context of culture, cross-cultural perceptions of health, conceptual approaches to multicultural health promotion, health disparities, and the contributions of multicultural populations. Using the Cultural Assessment Framework (CAF), this proven handbook includes a focus on six specific populations (Hispanic/Latino, African American, American Indian and Alaska Native, Asian American, Pacific Islanders, and Arab Americans). The text concludes with a set of tips for working cross-culturally and a discussion about where the field is heading with respect to research and practice in the 21st century.

Israel Cuéllar, Freddy A. Paniagua, 2000-03-16 Inhaltsübersicht: Contributors, Preface, I. Overview Theory, Models, and Demographics, II. Methodology, III. Assessment and Treatment, IV. Training in Cultural Competence, Index.

### **the native people of alaska 2nd edition: Alliance and Conflict**

Ernest S. Burch, 2005-01-01 Alliance and Conflict combines a richly descriptive study of intersocietal relations in early nineteenth-century Northwest Alaska with a bold theoretical treatise on the structure of the world system as it might have been in ancient times. Ernest S. Burch Jr. illuminates one aspect of the traditional lives of the Iñupiat Eskimos in unparalleled detail and depth. Basing his account on observations made by early Western explorers, interviews with Native historians, and archeological research, Burch describes the social boundaries and geographic borders formerly existing in Northwest Alaska and the various kinds of transactions that took place across them. These ranged from violence of the most brutal sort, at one extreme, to relations of peace and friendship, at the other. Burch argues that the international system he describes approximated in many respects the type of system existing all over the world before the development of agriculture. Based on that assumption, he presents a series of hypotheses about what the world system may have been like when it consisted entirely of hunter-gatherer societies and about how it became more centralized with the evolution of chiefdoms. Accounts of specific people, places, and events add an immediate, experiential dimension to the work, complementing its theoretical apparatus and sweeping narrative scope. Provocative and comprehensive, Alliance and Conflict is a definitive look at the greater world of Native peoples of Northwest Alaska.
