Management & Social Innovation (ICGMSI 2023) Marziana Madah Marzuki, Wan Marhaini Wan Omar, Siti Nur Zahirah Omar, Khalid Abdul Wahid, Wan Nazihah Wan Mohamed, 2024-05-21 This is an open access book. It is my great pleasure to introduce the Proceedings of the International Conference on Governance, Management, Social Sciences, Education and Innovation (ICGMSI2023). The event was held at UST Angelicum College, Manila, Philippines on 20th – 21st September 2023. The conference convenes researchers, scientists, academics, and practitioners from various nations to facilitate conversations and debates on pertinent problems, opportunities, challenges, and research discoveries. It is one of its significant and valuable features. Building worldwide relationships and offering participants a fantastic venue to share and exchange outstanding original research findings and creative ideas are the main goals of ICGMSI2023. In the fields of governance, management, social sciences, education and innovation, we live up to our pledge of contributing to the development of a positive outlook. A total of 13 submissions including authors from Malaysia, the Philippines, Saudi Arabia, United Arab Emirates, Indonesia and other countries were approved as full papers for publication and presentation in ICGMSI2023. These papers offer excellent illustrations of recent research on pertinent subjects, such as governance, management, social sciences, innovation and education, among others. I express my gratitude to the authors for presenting the conference and contributing their knowledge and research findings to this occasion. We will be able to develop and clear the path for the future of governance, management, social sciences, education, innovation and related fields with their vision, contributions, and involvement. They are the best players and assets available now and in the future. The authors and delegates had a great time during their visit to Manila in the Philippines and that ICGMSI2023 was fascinating, thrilling, and motivating. We would like to take this opportunity to thank and acknowledge the reviewers who assisted us in maintaining the high caliber of the manuscripts published in the ICGMSI Proceedings. We also sincerely thank the organising staff and conference committee members for their tireless efforts.
