There's another Mumbai you don't hear about quite that much - a city with half its population living in slums and the youth there dreaming of becoming part of India's growth story. Apna Time Aayega (Our Time Will Come) is a collection of inspiring stories by such youths in their own words. About the author:- Aaditya's first 'book' was a handwritten encyclopedia of ancient civilizations he wrote in a diary when he was eight, and seeing it displayed in the school library motivated him to keep writing. He wrote his first fantasy novel *Secret Tails* (2018) when he was ten years old, was a reimagining of human history through the eyes of animals. His next novel, *Legend of the Broken Blade* (2022), won critical acclaim, being selected as one of the 'Top 15 must-read books of 2023' by *The Morning Standard*. Aaditya also aspires to use his writing to make a positive difference. His 2020 eBook, *Underdogs*, raised awareness of the importance of helping underprivileged children unleash their potential, with all sales proceeds donated to *Save The Children India*. His 2021 book, *Back from the Brink*, was based on research funded by a micro-grant he won from MIT Solv[ED] and highlighted the largely unknown issue of urban animal extinction and how we can make a difference through simple, everyday steps. *The Teen's Guide to Saving the World* (2023), inspired teens to create a positive impact in their communities and won three international awards including Silver at the Non-Fiction Book Awards in the US, Silver at the Readers' Favorite Awards, and a Top 3 Global Finalist at the US Teen Readers' Choice Awards, the only national literary awards in the US for professional awards chosen by teens. His latest novel *Kaalchakra* (2024) aims to make modern Indian youth feel that while we live in an increasingly globalized world, we should take pride in our cultural roots and heritage. A short story on this theme won a Gold Finalist Award at the prestigious Queen's Commonwealth Essay Competition in 2023. In 2024, Aaditya won the Young Achievers Award, a national level recognition for young changemakers, for the positive impact he was making through his writing. When he's not writing, Aaditya can be found working hard on his schoolwork, following Cricket with a passion, and practicing Karate, in which he holds a black belt. youth writing contests 2023: *From Social Visibility to Political Invisibility* Allen Chun, 2023-05-15 This book began as a year-long ethnography of a school in Taiwan in 1991 then evolved more into a historical sociology of national formation and its cultural mindset. Cultural nationalism is a widely debated but poorly understood process. Contrary to prevailing perceptions, the Cold War may have given way to a more progressive open society, but the politicization of ethnicity hardened a more deeply entrenched cultural frame of mind. Instead of liberating an indigenous reality, Taiwanese consciousness has ironically polarized the political dead ends of reunification and independence. In the final analysis, the ethnography can serve as a paradigmatic case study for critical cultural studies. There are clear ramifications also for a comparative study of the cultural politics of other Chinese speaking or Asian societies and their histories.

youth writing contests 2023: Celebrating Poetry Across the K-12 Curriculum Napoli, Mary, Day, Deanna, Ward, Barbara A., 2025-07-16 Poetry provides opportunities to explore the universal and common experiences that connect us as human beings. When teachers infuse poetry into their classroom, it can foster compassion, develop interdisciplinary connections, and support literacy instruction. However, not all teachers use poetry in their classroom either because they are not aware of the value of poetry or because they have not had positive experiences with poetry. Given the importance of sharing poetry with today's youth, educators must feel confident in evaluating well-written poetry and how to weave poetry from award-winning poets to support interdisciplinary connections. *Celebrating Poetry Across the K-12 Curriculum* aims to ensure that poetry for children is not neglected as part of the curriculum, and to help educators feel more confident in their understanding of children's poetry, its relevance to children's lives, and its importance to supporting pedagogical connections. Featuring interviews with well-known poets, this resource also showcases the latest pedagogical and scholarly research supporting the integration of poetry in the K-12 classroom. Covering topics such as science content, romanticism, and diversity recognition, this book is an excellent resource for educators, classroom teachers, literacy specialists,

librarians, professionals, researchers, scholar, academicians, and more.

youth writing contests 2023: Handbook of Children and Youth Studies Johanna Wyn, Helen Cahill, Hernán Cuervo, 2024-08-20 This second edition of the handbook gives a new scientific perspective to youth and childhood studies as multi scientific and interdisciplinary subjects which as such have not yet found their own framing in a particular discipline. It provides theoretical and methodological key debates and issues that develop and add an understanding of childhood and youth research discipline from a broader perspective. The Handbook on Children and Youth Studies draws on current thinking, but also challenges theoretical and conceptual orthodoxies in the field, drawing on interdisciplinary thinking and critical perspectives. It focuses on childhood and youth to address the emerging consensus that the boundaries between childhood, youth and adulthood are blurred. The view that defining youth and childhood largely in terms of problem topics is out dated. Instead, the handbook focuses on 16 themes that are open to international perspectives and to different conceptual approaches. Each theme is edited by a pair of field editors, thereby capturing a plurality of views. The 16 themes as a starting point are globally timely and they need scientific debates on the boundaries between childhoods, youth and adulthood. This handbook will meet the needs of childhood and youth researchers and the academics in the field. It recognizes the changing social context of the lives of children and young people, while developing theoretical frameworks and discussing about the core substantive issues of Children and Youth Studies.

youth writing contests 2023: Proceedings of the International Conference on Cultural Studies (ICCUS) 2024 Prasetyo Adi Wisnu Wibowo, Dwi Susanto, Mibtadin Mibtadin, 2025-06-05 This is an open access book. Department of Cultural Study, Universitas Sebelas Maret warmly welcomes you to The International Conference on Cultural Studies (ICCUS). The ICCUS 2024 is the 2nd series since the 1st series was held in 2023. This conference will be held on September 11th, 2024. We encourage participants from all over the world to discuss about “Art, Urban Culture, and Global Ethics”. Contemporary political phenomena influence the city atmosphere. Some time before the General Election in Indonesia, political party contestation has given rise to political segregation

which is expressed in poetry, caricatures, party symbols and control of urban space. Furthermore, the city is synonymous with political hegemony and protests. In other parts of the world, war has damaged urban culture, such as in the Middle East, as well as giving rise to growing protests from communities in other world cities. Politically, this gives rise to the term identity politics, a politics based on embracing equality based on the similarities of a group to achieve a certain goal, for example to gain recognition for the group's identity or raise the level and dignity of the group. Identity politics drives the actions of city residents to achieve certain political goals. This identity politics capitalizes on race, ethnicity, language, customs, gender and religion, giving rise to conflicts of interest between city residents. Meanwhile, on the cultural side, a new term has emerged known as hustle culture, a culture of hard work patterns above the normal threshold with the aim of achieving success in a field. The impact of this hustle culture is damage to the social order system, city residents become slaves to technology, and toxic negativity. Both political, social, cultural and economic due to global influences give rise to vertical and horizontal conflicts. There is a need for a global ethic of cultural diplomacy as a solution as well as a basic consensus related to binding values, irrevocable standards and moral attitudes, which can be affirmed by all religions, even non-religious ones. There is no survival in the world without global ethics, that peace between social elements will not be created without diplomatic dialogue and cooperation between civilizations with an open mind and tolerance. How do social humanities describe the current changing urban arts, culture and socio-political phenomena from various scientific disciplines? Notable Keynote and Invited Speakers will share their speeches, participants will present their papers, and we will provide a platform to support new opportunities and future collaboration. Your participation and contribution at ICCUS 2024 will be greatly appreciated!
