Dr Umar Johnson: A Voice for Black Empowerment and Education

dr umar johnson is a name that resonates deeply within conversations about Black empowerment, education reform, and mental health advocacy. Known for his passionate speeches, unapologetic stance on racial issues, and dedication to uplifting the African American community, Dr. Johnson has carved out a distinct place as a psychologist, author, and motivational speaker. But who exactly is Dr. Umar Johnson, and what does his work represent in today's social and cultural landscape? Let's delve into the life, mission, and impact of this influential figure.

The Early Life and Educational Background of Dr Umar Johnson

Dr. Umar Johnson was born as Umar Rashad Khalid Johnson and grew up with a strong sense of cultural identity and purpose. His academic journey is notable, beginning with his undergraduate studies in psychology. He earned a doctorate in clinical psychology, which laid the foundation for his later work addressing mental health issues predominantly affecting Black communities.

His education did not stop there. Dr. Johnson is also known for his expertise in school psychology and African-centered pedagogy, which informs his critical views on the education system and the treatment of Black children within it. This combination of clinical training and cultural awareness allows him to approach issues with a unique perspective that challenges conventional narratives.

Dr Umar Johnson's Advocacy for Black Mental Health

One of the key areas where Dr. Umar Johnson has made a significant impact is in mental health advocacy. He emphasizes the importance of understanding the psychological challenges faced by

African Americans, especially young Black males. His approach intertwines clinical psychology with cultural identity, arguing that healing must incorporate both mental health treatment and a strong sense of self and community.

Addressing Trauma and Psychological Challenges

Dr. Johnson often speaks about the intergenerational trauma caused by slavery, systemic racism, and ongoing discrimination. He highlights how these factors contribute to mental health struggles such as depression, anxiety, and behavioral issues in Black youth. His message encourages not just therapy or medication but also cultural education, self-love, and collective healing.

The Role of the Family and Community

According to Dr. Johnson, mental health solutions must extend beyond the individual to include the family and broader community. He advocates for strengthening family bonds and creating supportive environments that reinforce positive identity and resilience. This holistic view seeks to create sustainable change rather than quick fixes.

Educational Reform and Dr Umar Johnson's Vision

Dr. Umar Johnson has been a vocal critic of the American public school system, especially regarding how it serves Black children. He believes that traditional education often fails to meet the needs of African American students, resulting in disproportionate dropout rates, disciplinary actions, and underachievement.

African-Centered Education

One of Dr. Johnson's primary solutions is the establishment of African-centered schools that focus on the history, culture, and values of Black people. He argues that such schools can provide a nurturing environment where children feel seen, understood, and empowered. This model is not just about academics but about building pride and a strong cultural foundation.

Challenges in Implementation

While the idea of African-centered education has garnered support, it also faces challenges such as funding, political resistance, and community skepticism. Dr. Umar Johnson has actively worked on raising funds and awareness to launch such initiatives, notably his efforts to open the Frederick Douglass & Marcus Garvey RBG International Leadership Academy. Despite obstacles, his commitment remains steadfast.

Dr Umar Johnson's Influence on Social Media and Public Discourse

This article delves into the background, key themes, and controversies surrounding Dr. Umar Johnson, offering a nuanced perspective that highlights both his contributions and the debates that surround him.

Background and Educational Credentials

Dr. Umar Johnson, born Jermaine Shojae Froe, is a licensed psychologist and educator who has positioned himself as a prominent voice on issues affecting the African-American community. He holds a doctorate in clinical psychology and has been involved in various educational initiatives aimed at improving the academic and social outcomes for Black youth. His academic background lends a degree of credibility to his perspectives, although some of his claims and methodologies have been questioned by peers.

Johnson's platform largely revolves around addressing systemic issues in public education, particularly the disparities faced by African-American students. He has advocated for culturally relevant pedagogy and the establishment of independent Black schools, emphasizing the importance of tailored educational environments that foster Black excellence.

Key Themes in Dr. Umar Johnson's Work

Focus on African-American Education Reform

At the core of Dr. Umar Johnson's activism is a call for comprehensive reform in the education system as it pertains to Black children. He frequently discusses the achievement gap and the disproportionate discipline rates affecting African-American students in public schools. Johnson argues that the current system is designed to marginalize Black students and that alternative approaches, such as Black-centric curricula and leadership by Black educators, are essential for true progress.

Johnson's advocacy extends to the promotion of mental health awareness within the Black community, particularly among youth. He highlights the importance of addressing trauma and psychological well-being to support academic success and personal development.

Views on Black Empowerment and Identity

Dr. Umar Johnson often explores themes related to Black identity, masculinity, and community self-sufficiency. His speeches and writings emphasize restoring a sense of pride and responsibility among African-Americans, frequently invoking historical context and cultural heritage. Johnson's messaging encourages economic independence, self-discipline, and unity as pathways to overcoming systemic oppression.

He is known for his critiques of mainstream narratives around race, which he believes often diminish the agency of Black individuals. This perspective resonates strongly with audiences seeking alternative viewpoints on empowerment and social justice.

Controversies and Criticisms

Dr. Umar Johnson's prominence has not been without controversy. Several aspects of his career and public persona have attracted scrutiny, including questions about the legitimacy of some of his claims and the transparency of his fundraising efforts.

Criticism of Educational Credentials

While Johnson holds a doctorate in clinical psychology, some critics have challenged the validity of his educational background and professional licensing. These critiques often stem from discrepancies noted in public records or disagreements over his qualifications to speak authoritatively on certain topics.

Fundraising and Financial Transparency Issues

One of the most contentious areas involves Johnson's fundraising campaigns, particularly those aimed at establishing the Frederick Douglass & Marcus Garvey RBG International Leadership Academy, a proposed private school for Black boys. Critics and investigative reporters have raised concerns about the management of funds and the lack of verifiable progress toward opening the school. Supporters argue that such initiatives require time and resources, while skeptics warn of potential mismanagement.

Contentious Public Statements

Dr. Umar Johnson is known for his forthright and sometimes polarizing rhetoric. His outspoken nature has led to accusations of promoting conspiratorial ideas or divisive viewpoints. Some detractors accuse him of reinforcing stereotypes or engaging in gender debates that have alienated portions of his audience.

Impact and Influence in the African-American Community

Despite controversies, Dr. Umar Johnson remains a significant figure in conversations about Black education and empowerment. His ability to connect with younger audiences through social media platforms has helped spread his message widely. His speeches, interviews, and seminars continue to inspire discussions around self-determination and community upliftment.

Support from Followers and Collaborators

Many supporters praise Johnson for addressing topics often overlooked in mainstream discourse, such as the psychological effects of systemic racism and the importance of culturally affirming education.

Collaborations with other activists and educators have amplified his reach, contributing to grassroots movements aimed at educational reform.

Critiques from Academic and Professional Circles

Conversely, academic professionals and some mental health experts have expressed concerns about some of Johnson's methodologies and claims. They emphasize the need for evidence-based approaches and caution against rhetoric that may oversimplify complex social issues. This tension underscores the broader challenges in balancing activism with academic rigor.

Dr Umar Johnson in the Digital Age

Dr. Umar Johnson has leveraged social media to build a substantial online presence. Platforms such as YouTube, Instagram, and Twitter serve as conduits for his lectures, motivational talks, and commentary on current events. This digital engagement has expanded his influence beyond traditional academic or activist circles.

His online persona combines elements of motivational speaking with educational outreach, often incorporating personal anecdotes and historical references. This style appeals to a demographic seeking empowerment through cultural affirmation and community solidarity.

dr umar johnson: *The King Kong of Consciousness* 101 Umar Johnson, Wahida Clark, 2023-07-11 This book is a transcription of a live interview between Dr. Umar Johnson, a Doctor of Clinical Psychology and Certified School Psychologist, and Wahida Clark, the Official Queen of Street Lit, moderated by Wahida Clark Jr. The discussion covers a wide range of topics, including the FDMG Academy, the public school system and its impact on black and brown children, community parenting and support systems, influential figures like Kanye West and Kyrie Irving, black women and relationships, different gods, and Cancel Culture. The interview offers insightful observations and heartfelt wisdom, with Dr. Umar Johnson advocating passionately for the Black community and addressing the reasons behind the divisions within Black society. The book is designed to be accessible and inclusive, providing a message of empowerment and unity to even the most marginalized individuals, including those in the prison system. Through this transcription, readers can gain insight into the potential of the FDMG Academy to revolutionize education and uplift marginalized communities, as well as the importance of fostering community parenting and support systems. The interview also provides thought-provoking insights into the minds of influential figures and examines the impact of Cancel Culture. Overall, the book serves as a beacon of hope and inspiration, encouraging Black people to work together for the betterment of their communities. It is a powerful and uplifting resource for anyone looking to embark on a journey of personal growth and community development.

dr umar johnson: *Suspended For Life* C. Twiggy Billue, 2014-07-16 “SUSPENDED FOR LIFE” takes an empirical look via real experiences at how Zero Tolerance Policies contained in the schools “Code of Conduct” disregards the rights of the student, especially students with disabilities. These policies are failing students everywhere including my residence of Syracuse New York. Statistically these unfair and biased “Zero Tolerance Policies” have led to very high suspension rates affecting

mainly, inner-city students but overwhelmingly target students with IEPs, 504 Accommodations, the “untested but suspected LD student “ and the intellectually gifted student. Healthcare, Mental Health and Medical Privacy (HIPPA) now play large roles in school especially in decisions to suspend a student however coupled with a school districts Code of Conduct they have become a crucial aspect for suspension. Once you understand the link between a referral to “In-School-Suspension (ISSwarehousing students) or a referral for Out-of-School Suspension (OSS—push out of students) you will realize that in most cases suspension can lead directly to the prison industrial complex for our young women and men. Stopping this from happening to your student may depend on how well you are prepared to advocate for your child. We must not allow suspension to push out our children because ostensibly it may be ensuring them a life sentence of unemployment, crime, or even death. We say it starts at home with the parents, so if we can better understand our student’s rights and the rights we have as parents we can better prepare ourselves to advocate for our student and to hold the school district accountable for the Education of Our Children!

dr umar johnson: A Lynched Black Wall Street Jerrolyn S. Eulinberg, 2021-05-13 This book remembers one hundred years since Black Wall Street and it reflects on the 1921 Tulsa Race Massacre. Black Wall Street was the most successful Black business district in the United States; yet, it was isolated from the blooming white oil town of Tulsa, Oklahoma, because of racism. During the early twentieth century African-Americans lived in the constant threat of extreme violence by white supremacy, lynching, and Jim and Jane Crow laws. The text explores, through a Womanist lens, the moral dilemma of Black ontology and the existential crisis of living in America as equal human beings to white Americans. This prosperous Black business district and residential community was lynched by white terror, hate, jealousy, and hegemonic power, using unjust laws and a legally sanctioned white mob. Terrorism operated historically based on the lies of Black inferiority with the support of law and white supremacy. Today this same precedence continues to terrorize the life experiences of African-Americans. The research examines Native Americans and African-Americans, the Black migration west, the role of religion, Black women’s contributions, lynching, and the continued resilience of Black Americans.

dr umar johnson: The War Within Cornelius Harris, 2021-01-13 The War Within By: Cornelius Harris Accounting day-to-day encounters with the outside environment set Cornelius along a path of journal writing, encouraging the idea to make The War Within a memoir. The completion of his book details being affected emotionally, psychologically and spiritually. He articulates how profoundly his pain and suffering affected him, pulling out emotions, that he beautifully articulates concerning his social environment and how it shaped him. During this process, he uses the theme of religion/spirituality as a tool to enlighten him about the nature of his existence and this interplay with the supernal universe, as he accounts his psychic impressions, that he refers as God, or spirit guides, sent to help him understand who he is as a hurt Black, gay man. Inter-generational healing becomes crucial in understanding his family dynamic, by using his rejection, shame, and trauma as an impetus for self-revelation. He deals with the struggle of understanding his sexual identity around the context of a heteronormative society, and how he endured unbearable discrimination, and stigmatization from a ruthless society. This drove him in the door of Alcoholics Anonymous, a source he uses as strength to also heal from being marginalized in his own community. By reconciling those fractured social networks that had once hindered him from embarking on self-discovery, he is able to find a path to discover himself as a Black, gay, veteran, living within the cultural milieu of a American narrative that tells a different, less noble story of who he is expected to be, by daring to break historical stereotypes and living his own truth.

dr umar johnson: Plantation Negroes of the 21st Century James L. Jordan, 2024-07-19 Has the Black race been ostracized into a purgatory world where it is neither free nor enslaved and

where the landscape looks remarkably like the Old Plantation? Dr. Claud Anderson, former Assistant Secretary of Commerce, says: "Black folks in proportional comparative terms are regressing. Blacks have been socially engineered into the lowest levels of life... and are now more hated than at any time in the last 50 years." Dr. Anderson does not come right out and say that Blacks are still stationed near the Old Plantation, but he comes awfully close... The road that has led the Black race to this perilous moment in time leads us back to a host of villains. The White ones we all know about, the Black ones, Negroes, who prey on their fellow Black sufferers, we conveniently choose to forget about—those House Negroes, that Malcolm X warned us about? This book will name and shame... the Plantation Negroes of the 21st Century.

dr umar johnson: THE OTHER SIDE OF THINGS & THE STRUGGLE AND HOPE FOR A BETTER WORLD Van Hugo, 2024-11-11 I want my readers and audiences to know that this book is the rest of the last two books and also more about other subjects. After the publishing of the last two books, it has come to my attention that my work is not done because there are more situations that are going in Haiti and the world shortly after the fourth book was published. I wish some of the information were available to me a few months before I publish the fourth book to include them on the fourth book. That is why the fifth book takes longer to publish due to some ongoing situation that is going in the world, particularly in Haiti. I know the title of the book may sound strange to some of you. Do not let the title of the book fool you because there is more going in the book than the title itself. I could not find any other title to give the fifth book because of the way it was designed and written on a lot of subjects. Each part or chapter stands individually, but connects to each other to some degree. You will find out for yourself while reading the book.

dr umar johnson: Power To The People - Educate Yourself Knowledge Is Power Angela Walker, 2022-06-30 This is a Black lives matter inspired book that touches on matters of a number of situations that Black people have endured in this country and continue to experience today as Black people have been through enough in this country. I hope this book will teach our youth something about what's really going on and inspire them to question who they are and where they are headed for the future.

dr umar johnson: Diary of a Confused Christian Nai B Wise, 2024-03-30 This read is a self-help supplement to prompt consideration of influences on life's choices and to empower one's mind to choose truth over traditions. I've been triggered since I was 8 years old, and the time has come for me to excavate and discover my inner contents. No more going along to get along. I fervently and tearfully sought answers to my questions, and I found them. Answers not to boast that I know more, but to bring me and hopefully others peace. I know these answers will trigger some folks. I know these answers will make me more enemies. But I do hope these answers will help someone. I hope these answers will prevent physical and spiritual suicide, and, above all, bring understanding. This book is dedicated to the backslider, the doubter, the once faith-filled turned atheist, the almost reprobate, and borderline blasphemer; and to the King eternal, immortal, invisible, the only wise God, who is able to keep us from falling and who just wants to reason with us.

dr umar johnson: Voice of the Ancestors: Removing the Shackles and Chains from Your Mind Chase McGhee, 2019-03-20 Going through life as a Black person, it can often seem, with good reason, that the system is rigged against you. You're basically forced to play life on hard mode with no end or reward in sight, walking on eggshells when interacting with the wider world and having to question if you will ever be good enough. Sometimes—especially if you're focused on improving yourself—you're forced to prove yourself to both subordinates, peers and superiors that you're more than your less than ideal background. But it doesn't have to be this way. In this powerful guide to self-improvement designed for black people, Chase McGhee has taken it upon himself to carefully re-educate and re-acquaint every black man, woman and child with our history and open your eyes to our collectively vast potential just waiting to be tapped. With profound insights into black history, economics and culture that has yet to be taught on a systemic level, Voice of the Ancestors is a book that is full of unconventional, yet effective solutions for problems that we've been forced to deal with as a race, providing people of color everywhere with a solid foundation their consciousness needed to build a strong, prosperous black culture.

dr umar johnson: American Awakening Joshua Mitchell, 2022-12-13 America has always been committed to the idea that citizens can work together to build a common world. Today, three afflictions keep us from pursuing that noble ideal. The first and most obvious affliction is identity politics, which seeks to transform America by turning politics into a religious venue of sacrificial offering. For now, the sacrificial scapegoat is the white, heterosexual, man. After he is humiliated and purged, who will be the object of cathartic rage? White women? Black men? Identity politics is the anti-egalitarian spiritual eugenics of our age. It demands that pure and innocent groups ascend, and the stained transgressor groups be purged. The second affliction is that citizens oscillate back and forth, in bipolar fashion, at one moment feeling invincible on their social media platforms and,

the next, feeling impotent to face the everyday problems of life without the guidance of experts and global managers. Third, Americans are afflicted by a disease that cannot quite be named, characterized by an addictive hope that they can find cheap shortcuts that bypass the difficult labors of everyday life. Instead of real friendship, we seek social media "friends." Instead of meals at home, we order "fast food." Instead of real shopping, we "shop" online. Instead of counting on our families and neighbors to address our problems, we look to the state to take care of us. In its many forms, this disease promises release from our labors, yet impoverishes us all. American Awakening chronicles all of these problems, yet gives us hope for the future.

dr umar johnson: The Skin Game Michael Burnett Miller, 2020-08-18 This book is about racism and colorism in the African American community. It will inform you on how colorism was founded by racism throughout the 17th century with Europeans. It also will show you how we as Black people hold on to traits that were given to us during slavery. This book will get into how so many things we perceive to be good, and even holy started from racism, things such as religion, and the hate and separation we have as descendants of enslaved Africans toward each other. This book is more than just food for thought, but it will dig deep into the very core of your heart and soul. In this book I will convince you that we as a people cannot do anything to help support, and promote ourselves unless we are looked at as nationalist, or a cult, but every other group of people who are white, Chinese, Hispanics, Arabs, or any other group of people can make it a necessity to help their own.

dr umar johnson: Karla Marx [and the Man-haters] Marshall Rockford Goodman, 2014-08-12 With eye-opening revelations, Karla Marx and the Man-haters explores the past and present politics of the women's movement in seven chapters: Politics, Family, Media, Government, Education, Finance and Religion. More than 400 endnotes and citations are provided. Karl Marx compiled Manifesto of the Communist Party in 1848. Now we have Karla Marx, who personifies today's radical feminist activist with her egregious messages of liberation and equality that covertly limit our rights and subtly usurp our freedom through authoritarian control. Karla Marx was first published in 2008. Now this latest edition incorporates updates, revisions and original material in two new chapters and more than 75 new pages. dr umar johnson: The Keefe D Confession Story TJ Clemons, 2023-12-28 The arrest of Duane Keith Davis has opened up a door from 30 years ago in the past that can no longer remain closed. The real question that remains to be answered is who else will get caught up in this storm from the past indiscretions of both, Sean Puffy Combs and Marion Suge Knight. Only time will tell how this entire situation will play out with it. It is truly a testament to the fact that real life is often stranger than fiction. And the Keefe D Confession Story definitely lives up to the hype. The streets have been telling this story over and over again adding more and more detailed information as it continues to be passed down from generation to generation over the past 30 years. The drama continues to unfold right here before our eyes. Keefe D is one of the greatest storytellers in this epic journey towards the real-life story behind the murders of both Tupac Shakur and Christopher Wallace. He has continued to snitch on himself and confess to being directly involved with the Tupac Shakur drive-by shooting that ultimately resulted in the rap star's death. Keefe D has continuously given detailed accounts of his participation in the plot to murder Tupac Shakur and Suge Knight from the beginning planning stages until they tried to cover up the whole entire crime. He even ended up claiming that he passed the murder weapon to Big Dre who he then claims passed it on to his nephew Orlando Anderson the alleged shooter. Big Dre is actually rumored to be the actual shooter and was even allegedly bragging about pulling the trigger on Tupac Shakur, but Keefe D is so caught up in the clout and infamy of him and his nephew Orlando Anderson as being known as the actual TUPAC KILLERS, that Keefe wants that story to be historically accurate no matter how it went down in those Las Vegas streets that fateful September night. And he is also on a mission to get Sean Puffy Combs caught up in the drama of the Tupac murder conspiracy for his solicitation in the amount of \$1 Million dollars to eliminate his west coast rivals and enemies Suge Knight and

Tupac Shakur. Puffy allegedly paid Terrance Brown for the hit and Pac and Suge, but Zip double-crossed Keefe D, Orlando Anderson, and the rest of the South Side Crips and used the money to finance a record label and a nightclub called The Zip Code located in Harlem, New York. Duane Keith Davis is obviously out for revenge, recognition, and notoriety as the TUPAC KILLER. And he is also looking to extract a venomous amount of retribution and retaliation on the executive producer of Bad Boy records for slighting him and not fulfilling all of the terms of his murder for hire contract of Tupac Amaru Shakur and Marion Suge Knight respectively.

dr umar johnson: Equaliberty in the Dutch Caribbean Yvon van der Pijl, Francio Guadeloupe, 2022-04-15 Equaliberty in the Dutch Caribbean explores fundamental questions of equality and freedom on the various non-sovereign islands of the Dutch Caribbean. While this collection of essays recognizes the existence of nationalist independence movements, it challenges conventional assumptions about political non/sovereignty, opening a critical space to look at other forms of political articulation, autonomy, liberty, and a good life.

dr umar johnson: Crime & Reason: a Black Choice Marques Lowery, 2022-09-25 This book gives vivid detail into the plight of blacks in America, and the struggle to become free in America. The writer delves into historic facts and points out institutional racism, and systematic racism associated with blacks. The purpose of this book is to give factual information that addresses racist laws, and legal proceedings that disenfranchised blacks for the past 100 years. The writer makes a point to explain the root cause of the issues in black America which is related to the split within the household caused by Dr. Martin Luther King Jr., and Malcolm X. religion was the forefront to black household, and when Malcolm and Martin began to quarrel publicly, it caused a split within the black families, furthermore destroying collectivism in black America.

dr umar johnson: Blackness at the Intersection Kehinde Andrews, Kimberlé Crenshaw, Annabel Wilson, 2024-02-08 A ground-breaking collection applying Crenshaw's concept of intersectionality to the black diasporic experience in Britain. In the 1980s, Professor Kimberlé Crenshaw first coined the term 'intersectionality'. Since then, the concept has spread across national and disciplinary boundaries, and has had a transformative impact on the way in which we understand identity and the experience of discrimination. But outside the US, the application of intersectional theory has largely been disconnected from any analysis of 'Blackness', despite intersectionality's origins in critical race theory (CRT). Curated by Crenshaw, Andrews and Wilson as well as several of the leading scholars of CRT, this collection bridges that gap, and is the first to apply both these concepts to contexts outside the US. Focusing on Blackness in Britain, the contributors examine how scholars and activists are employing intersectionality to foreground Black British experiences. Its essays encompass key issues such as gender and Black womanhood, issues of representation within contemporary British culture, and the position of Black Britons within institutions such as the family, education and health. The book also looks to the role intersectionality can play in shaping future political activism, and in forging links beyond 'Blackness' to other social movements.
