Geek Bearing Gifts: The Ultimate Guide to Nerdy Presents That Delight

geek bearing gifts often conjures an image of someone walking in with a box full of quirky gadgets, collectible figurines, or the latest tech gizmo. But there's so much more to giving and receiving presents in the geek realm than just handing over something flashy or trendy. Whether it's for a birthday, holiday, or just because, geek gifts have a unique way of showing thoughtfulness, tapping into passions, and sparking joy. If you've ever found yourself wondering what to get the science buff, the coder, or the pop culture fanatic in your life, this guide will help you navigate the fun and sometimes complex world of geek gifting.

Why Geek Gifts Make the Best Presents

There's an undeniable charm to geek gifts because they often reflect a deep understanding of the recipient's interests. Unlike generic gifts, these are carefully chosen to resonate with hobbies, favorite franchises, or intellectual pursuits. This makes the exchange feel personal and meaningful.

Geek gifts also tend to inspire creativity and curiosity. From DIY electronics kits to immersive fantasy novels, these presents can encourage learning and exploration. Plus, they often come with a story—whether it's about the character on the mug or the technology behind the gadget.

Personalized Presents That Speak Volumes

One of the joys of geek bearing gifts lies in the personalization aspect. Knowing someone's favorite series—be it Star Wars, Doctor Who, or Marvel—can transform a simple gift into a treasure. Customized items like engraved keychains, bespoke artwork, or even tailored gaming accessories can make the

receiver feel truly seen and appreciated.

Popular Types of Geek Gifts and Why They Work

The world of geek gifts is vast, but certain categories stand out for their popularity and impact. Let's explore some of these options and why they're beloved.

Collectibles and Memorabilia

For many geeks, owning a piece of memorabilia from a beloved franchise is a thrill. This could be anything from action figures and Funko Pop! dolls to replica weapons or signed posters. These items often become cherished parts of a collection, displayed proudly as a testament to fandom.

Tech Gadgets and Accessories

Technology is at the heart of geek culture, making gadgets a go-to gift choice. Items like smart home devices, mechanical keyboards, or the latest wireless earbuds can blend utility with cool factor. For those who love coding or tinkering, Raspberry Pi kits or Arduino boards can provide hours of educational entertainment.

Books, Comics, and Graphic Novels

Nothing beats the joy of diving into a new story, especially when it aligns with one's geeky interests. Whether it's a science fiction novel, a graphic novel series, or classic comic books, these gifts can transport the reader to new worlds and ideas.

Board Games and Puzzles

Board games have seen a renaissance in geek circles, with many titles offering rich storytelling and strategic depth. Games like Catan, Gloomhaven, or Dungeons & Dragons starter kits can encourage social interaction and creative problem-solving.

How to Choose the Perfect Geek Bearing Gifts

Choosing the right gift in the geek category can be daunting given the sheer variety of interests and specialties. However, a thoughtful approach can make the process enjoyable and rewarding.

Understand Their Passion

The first step is to tune into what genuinely excites the person. Are they a fan of fantasy literature, video games, or perhaps space exploration? Listening to their conversations or checking their social media can offer clues.

Consider Their Level of Expertise

Some geeks may be casual fans, while others have deep knowledge or advanced skills. For example, a beginner coder might appreciate an introductory programming book, whereas a seasoned developer may prefer a high-end ergonomic keyboard.

Think About Practicality and Novelty

While novelty items are fun, sometimes practical gifts that enhance daily life or hobbies can be more appreciated. For instance, noise-canceling headphones for a gamer or a high-quality sketchbook for a comic artist can be both thoughtful and useful.

Budget Wisely

Geek gifts can range from inexpensive trinkets to costly collector's editions. Setting a budget helps narrow down options without sacrificing thoughtfulness.

Creative Ideas for Geek Bearing Gifts

If you're looking for inspiration, here are some creative ideas that are sure to impress any geek.

- **Custom 3D Printed Figurines:** Personalized characters or items made with 3D printing technology.
- **Subscription Boxes:** Monthly deliveries of themed geek gear, snacks, or comics.
- **Escape Room Experience Kits:** At-home puzzles that replicate the escape room thrill.
- **Wearable Tech:** From smartwatches to LED-illuminated clothing.
- **Virtual Reality Headsets:** For immersive gaming and exploration.
- **Science Experiment Kits:** Fun and educational kits for all ages.

The Social Side of Geek Gifting

Geek bearing gifts can also be a social experience. Many communities, both online and offline, host gift exchanges and swap meets where enthusiasts share their favorite finds. Participating in these events can open doors to discovering new interests and connecting with like-minded people.

Moreover, gifting within geek culture often comes with a playful spirit. It's not uncommon to see elaborate unboxing videos or heartfelt thank-you posts that celebrate the joy of receiving something uniquely meaningful.

Building Traditions with Geek Gifts

Some families and friend groups have made geek gifting a cherished tradition. Whether it's a holiday Secret Santa with a geeky twist or an annual convention meetup, these moments reinforce bonds and create lasting memories through shared enthusiasm.

Final Thoughts on Geek Bearing Gifts

The phrase geek bearing gifts might sound whimsical, but it captures a deeper truth about gift-giving in the modern age. It's about recognizing individuality, celebrating passions, and offering something that goes beyond the ordinary. Whether it's a simple token or an elaborate surprise, geek gifts have a way of sparking delight and curiosity.

So the next time you find yourself wondering what to bring to a geek's celebration, remember—it's not just about the object itself, but the story, the thought, and the connection it represents. After all, the best gifts are those that speak to the heart of what makes someone wonderfully unique.

Frequently Asked Questions

What does the phrase 'geek bearing gifts' mean?

The phrase 'geek bearing gifts' is a play on the famous saying 'beware of Greeks bearing gifts,' implying that a geek or tech enthusiast is bringing gifts, often related to technology or gadgets.

Where did the phrase 'beware of Greeks bearing gifts' originate?

The phrase originates from the story of the Trojan Horse in Greek mythology, where Greek soldiers hid inside a wooden horse presented as a gift to the city of Troy.

What are some popular 'geek bearing gifts' ideas for tech enthusiasts?

Popular gifts include gadgets like smart home devices, gaming accessories, collectible figurines, coding kits, and tech-themed apparel.

How can I find unique 'geek bearing gifts' for a tech-savvy friend?

Look for niche online stores, crowdfunding platforms like Kickstarter, or specialty shops that focus on geek culture, gaming, and technology-related items.

Are 'geek bearing gifts' only limited to technology-related items?

Not necessarily. While many gifts are tech-related, 'geek bearing gifts' can also include items related to science fiction, fantasy, comics, and other geek culture interests.

How has the concept of 'geek bearing gifts' evolved with modern technology?

With advancements in technology, 'geek bearing gifts' now often include cutting-edge gadgets like VR headsets, drones, 3D printers, and smart devices, reflecting the growing influence of geek culture.

Geek Bearing Gifts: Navigating the Landscape of Thoughtful Tech and Nerdy Presents

geek bearing gifts is a phrase that resonates deeply in today's culture, especially as technology and fandoms continue to intertwine with everyday life. Whether it's a birthday, holiday, or special occasion, giving gifts that appeal to the geek community requires a nuanced understanding of their interests and values. The phrase evokes the image of a thoughtful benefactor delivering carefully curated items that speak to a recipient's passions—be it gaming, science fiction, coding, or collectibles. This article delves into the evolving world of geek bearing gifts, exploring what makes a present truly meaningful in this niche and how retailers and gift-givers can navigate the options.

The Evolution of Geek Culture and Gift-Giving

The term “geek” has transformed significantly over the past few decades. Once a label with negative connotations, it has now become a badge of honor for many enthusiasts deeply invested in specialized domains such as technology, comics, gaming, and science. This cultural shift has expanded the market for geeky gifts, with an increasing diversity of products designed to cater to various subcultures.

Gift-giving within geek communities isn't just about the object itself but also about the shared experience and recognition of a person's unique interests. According to a 2023 report by Statista, the global market for geek-related merchandise—including collectibles, gadgets, and apparel—has grown by over 15% annually in recent years. This growth reflects not only consumer demand but also the normalization and mainstreaming of geek culture.

Identifying the Perfect Geek Bearing Gifts

Understanding the recipient's passions is crucial when selecting geek bearing gifts. Unlike generic

presents, geek gifts often require insight into specific fandoms or technical interests. Some categories to consider include:

- **Tech Gadgets:** From Raspberry Pi kits to the latest smart home devices, these gifts cater to the tech-savvy individual who loves tinkering and innovation.
- **Collectibles and Memorabilia:** Action figures, limited-edition prints, or signed comic books that resonate with fandoms like Star Wars, Marvel, or anime.
- **Gaming Accessories:** High-performance keyboards, custom controllers, or VR headsets designed to enhance the gaming experience.
- **DIY Kits and Educational Tools:** Robotics kits, coding subscriptions, or science experiment sets that encourage learning and creativity.

Each category offers distinct advantages and potential pitfalls. For example, tech gadgets can quickly become obsolete, while collectibles tend to appreciate in value but may require careful selection to ensure authenticity and relevance.

Analyzing Features and Trends in Geek Gifts

One of the challenges in the realm of geek bearing gifts is balancing novelty with utility. A gift that impresses with cutting-edge technology but lacks practical use may end up forgotten, whereas a highly functional but uninspired item might fail to excite.

Customization and Personalization

Increasingly, customized geek gifts are gaining traction. Whether it's a 3D-printed model of a favorite character or a personalized mechanical keyboard, customization adds a layer of thoughtfulness that is highly valued. Platforms like Etsy and specialty tech stores offer bespoke options that cater to this demand.

Eco-Friendly and Sustainable Options

An emerging trend in geek gifts is the emphasis on sustainability. Environmentally conscious consumers are looking for gifts made from recycled materials, energy-efficient products, or items that promote sustainable hobbies such as urban gardening kits for tech enthusiasts.

Pros and Cons of Popular Geek Bearing Gifts

To further dissect the landscape, it's useful to consider the advantages and drawbacks of some popular gift types favored by geeks:

1. Smart Home Devices

- *Pros:* Enhance convenience, integrate with existing tech ecosystems, and often come with learning potential.
- *Cons:* Compatibility issues, privacy concerns, and sometimes high costs.

2. Collectible Figures and Memorabilia

- *Pros:* High sentimental value, potential for appreciation, and strong fandom appeal.
- *Cons:* Storage space requirements, risk of counterfeit products, and niche appeal.

3. Educational DIY Kits

- *Pros:* Encourage skill development, interactive, and often fun for all ages.
- *Cons:* May require supervision or prior knowledge, some kits can be expensive.

Where to Buy Geek Bearing Gifts

The marketplace for geek gifts is vast, ranging from major online retailers like Amazon and ThinkGeek to specialized local shops and conventions. Each venue offers different advantages. Large retailers provide convenience and competitive pricing, while niche stores and events offer exclusivity and expert curation.

Impact of Geek Bearing Gifts on Social Connections

Beyond the material aspect, geek bearing gifts often serve as catalysts for social bonding. Gifting within geek communities can reinforce shared identities and foster meaningful conversations. This

social dimension is evidenced by the popularity of gift exchanges at conventions and online forums, where participants exchange items related to their shared interests.

The thoughtfulness embodied in a well-chosen geek gift signals respect for the recipient's passions and can deepen relationships. This is especially relevant in professional settings where tech-related gifts are used as tokens of appreciation or incentives.

The notion of geek bearing gifts also brings attention to the role of storytelling in gift-giving. Many geeks appreciate gifts that tell a story, reference an inside joke, or connect to a cherished narrative universe. This makes the act of giving a more immersive and personalized experience.

In the dynamic world of geek culture, bearing gifts is an art that combines knowledge, sensitivity, and creativity. Whether it's the latest tech innovation or a rare collectible, the best gifts are those that resonate on a personal level and acknowledge the recipient's unique interests. As geek culture continues to expand and diversify, so too will the opportunities to engage in meaningful gift exchanges that celebrate the spirit of curiosity and passion.

geek bearing gifts: Geek Heresy Kentaro Toyama, 2015-05-26 After a decade designing technologies meant to address education, health, and global poverty, award-winning computer scientist Kentaro Toyama came to a difficult conclusion: Even in an age of amazing technology, social progress depends on human changes that gadgets can't deliver. Computers in Bangalore are locked away in dusty cabinets because teachers don't know what to do with them. Mobile phone apps meant to spread hygiene practices in Africa fail to improve health. Executives in Silicon Valley evangelize novel technologies at work even as they send their children to Waldorf schools that ban electronics. And four decades of incredible innovation in America have done nothing to turn the tide of rising poverty and inequality. Why then do we keep hoping that technology will solve our greatest social ills? In this incisive book, Toyama cures us of the manic rhetoric of digital utopians and reinvigorates us with a deeply people-centric view of social change. Contrasting the outlandish claims of tech zealots with stories of people like Patrick Awuah, a Microsoft millionaire who left his engineering job to open Ghana's first liberal arts university, and Tara Sreenivasa, a graduate of a remarkable South Indian school that takes impoverished children into the high-tech offices of Goldman Sachs and Mercedes-Benz, *Geek Heresy* is a heartwarming reminder that it's human

wisdom, not machines, that move our world forward.

geek bearing gifts: The Journeyman's Talent Ray McCarthy, 2016-06-05 Talents Universe 2 Maisie is no longer an Apprentice, but a Journeyman studying to be a Master, three times over, at the Circle College for Talent, 80,000 light years from Earth, on Caemoria. But on a visit to Laramos city to sign a contract for her full spectrum colour system she narrowly escapes being murdered. Why does she want to own a Flitter? Why was the Mogul of House Funathim assassinated? Summer 2024 version What will she spend her rapidly growing quantity of credits on? How has Earth managed to build a fusion powered starship without Talent? Maisie thinks it's a bad sign that Earth has named them the 'Valkyrie Class' and that Russia, China, Europe and USA have all switched their military budgets to co-operate and build Valkyries, all managed by the Solar Alliance. The Wildgrave Plonnis seeks to understand by questioning Maisie while helping her to spend her new found wealth. She's still the only Tellurian to ever leave the Solar System till the first Valkyrie 'jumps' just beyond the Kuiper belt. The cover is a photo-montage by Michael Watterson. About 132,000 words

geek bearing gifts: Playing It By Ear Clyde R. Forsberg, Jr., 2010-11-08 The author of *All the King's Horses* and *All the King's Men: Love, Alienation, and Reconciliation* in a Big, BIG Mormon Family (Xlibris, 2000) and the controversial *Equal Rites: The Book of Mormon, Masonry, Gender, and American Culture* (Columbia University Press, 2004) is at it again. American historian by day and Canadian jazz musician and playwright by night, Clyde R. Forsberg Jr. has also written five original "jazz-musicals." A word of explanation is required. These five plays, four of which have been tested on stage and not found wanting, do not obey many of the rules of so-called dramaturgy. The playwright has no real right or claim to the office or title of playwright. Having the good fortune to be able to call upon the help of a wide array of extremely talented musicians and actors, he brought forth a relatively new type of theatrical expression and experience—a jazz and theatre synthesis that had an important historical, social justice, intellectual/musical, autobiographical, and monologue angles. Originally, the idea was for a history professor who played jazz to use the stage to convey a message of some historical importance, augmented by music, as an experiment to see whether the theatre was not a better medium than the classroom. There is no doubting the important fact that the public cast their vote . . . and quite decidedly in the affirmative, despite it all. And so, some record and testament to all the hard work that went into each and every one of these plays seems justified. A memoir of another sort, *Playing It By Ear: The Jazz-Theatre of Clyde R. Forsberg Jr.* explores such public events and social issues as the Canadian ice storm of 1998 and the urban-rural divide in Canadian society that it revealed, Louis Armstrong's arrangement and interpretation of "Black and Blue" and the relationship between racism and domestic abuse hidden between the lines, the end of the nuclear family and death-rattle of patriarchal authority evident at family holiday gatherings, the degree to which the penis as well as the vagina are taboo, and finally, what Forsberg's seven-year trek along the Silk Road (2003-2010) in search of self understanding and personal renewal would cost him—but also reward him for venturing outside of the box.

geek bearing gifts: Inquiring Safely Terry Kwan, Juliana Texley, 2003 New and veteran teachers alike can use *Inquiring Safely* to develop better approaches to equip labs, dispose of chemicals and other hazardous materials, maintain documentation, and organize field trips. Given increased scrutiny of teaching practices and growing concerns about liability, *Inquiring Safely* belongs on the reference shelf of every middle school science teacher.

geek bearing gifts: House of Fun Simon Hoggart, 2014-01-13 Read about how John Major learned the English language from his time in Nigeria. There is Tony Blair, with his verb-free sentences which imply everything and promise nothing. Gordon Brown, the grumpiest prime minister of recent years, both Stalin and Mr Bean. And now David Cameron - who really, really hates being drawn with a condom on his head. Let's not forget John Prescott, who can wrestle the English language to the mat and win by two falls to a submission, Michael Fabricant with his hairpiece stolen from the tail of a My Little Pony, Sir Peter Tapsell, a grandee so grand that when he rises to speak, Hansard writers are replaced by a crack team of monks to write up his words in illuminated lettering. Nick Clegg, with his default expression of a man's whose children's puppy is still missing.

And of course, the famous 2010 press conference in the garden of Downing Street, a love-in that would have been illegal in 44 American states. This book, the best of Simon Hoggart's political sketchwriting, will have you laughing, chuckling, roaring, sniggering, and sometimes despairing. It is instant history with added jokes.

geek bearing gifts: Mettle G. F. Michelsen, 2007 A breathtaking novel of Cape Cod and the sea

geek bearing gifts: *Send Up the Clowns* Simon Hoggart, 2011-09-29 Picking up where *The Hands of History* left off, Simon Hoggart's brilliant new collection of parliamentary sketches takes us from the dying days of Tony Blair's leadership, through the shadow-filled days of Gordon Brown and on to the utterly bewildering days of that comedy double-act Cameron andamp; Clegg. He charts the events that made the news, the faux-pas that should have, and the myriad mistakes that have landed us all where we are now. Above all, he gives us hilarious pen-portraits of those responsible for our plight: the belligerent Brown, the unintelligible Prescott, the slippery Cameron and the bemused Milliband. This is a hilarious account of a period which, on the surface, doesn't give us much to laugh about.

geek bearing gifts: Slow Simmer Sheridan Jeane, 2023-04-10 Mara Stellar, a comic book shop owner who's lost her way after being gaslighted, finds herself on the brink of losing her store. When a charming movie director comes to town, she takes a chance and lets him into her life. But his grandiose plan quickly turns into a comedy of errors and Mara realizes that if she wants to save her store, she'll have to believe in herself and take on the world. Ford Ross, an award-winning workaholic movie director, returns home to reconnect with his family and friends and choose his next big film project. When he meets Mara, he thinks he's found the perfect muse. But with his film in jeopardy and his family in turmoil, he'll have to trust in the power of friendship and family if he doesn't want to give up on his dreams. Two people who have given up on different things in their lives meet and fall for each other, but when their life philosophies clash, they must learn from each other if they want to have it all. Mara, who gave up her career for her family, and Ford, who gave up his family for his career, must find common ground and follow their hearts if they want to make their love story a fairytale ending. The Way to a Woman's Heart series Coming Home trilogy □ Slow Simmer □ Here's the Scoop □ From Bitter to Sweet

geek bearing gifts: **Designing the Internet of Things** Adrian McEwen, Hakim Cassimally, 2013-12-09 Take your idea from concept to production with this unique guide Whether it's called physical computing, ubiquitous computing, or the Internet of Things, it's a hot topic in technology: how to channel your inner Steve Jobs and successfully combine hardware, embedded software, web services, electronics, and cool design to create cutting-edge devices that are fun, interactive, and practical. If you'd like to create the next must-have product, this unique book is the perfect place to start. Both a creative and practical primer, it explores the platforms you can use to develop hardware or software, discusses design concepts that will make your products eye-catching and appealing, and shows you ways to scale up from a single prototype to mass production. Helps software engineers, web designers, product designers, and electronics engineers start designing products using the Internet-of-Things approach Explains how to combine sensors, servos, robotics, Arduino chips, and more with various networks or the Internet, to create interactive, cutting-edge devices Provides an overview of the necessary steps to take your idea from concept through production If you'd like to design for the future, *Designing the Internet of Things* is a great place to start.

geek bearing gifts: A Campus Death Mary Anne Madden, 2008 In 1972, Cass Costello, a reporter for a local newspaper is in bed with her lover when a call from the paper interrupts her tryst, sending her to the site of a residence hall on campus. In room 428, young medical student is found dead. The story unwinds through accusations, arrests with a startling conclusion.

geek bearing gifts: **Vulgar Tongues** Max Décharné, 2017-06-06 This rollercoaster ride through the colorful history of slang—from highwaymen to hip-hop—is a fresh and exciting take on the subject: entertaining and authoritative without being patronizing, out-of-touch or voyeuristic. Slang is the language of pop culture, low culture, street culture, underground movements and secret

societies; depending on your point of view, it is a badge of honor, a sign of identity or a dangerous assault on the values of polite society. Of all the vocabularies available to us, slang is the most alive, constantly evolving and—as it leaks into the mainstream and is taken up by all of us—infusing the language with a healthy dose of vitality. Witty, energetic and informative *Vulgar Tongues* traces the many routes of slang, beginning with the thieves and prostitutes of Elizabethan London and ending with the present day, where the centuries-old terms rap and hip-hop still survive, though their meanings have changed. On the way we will meet Dr. Johnson, World War II flying aces, pickpockets, schoolchildren, hardboiled private eyes, carnival geeks and the many eccentric characters who have tried to record slang throughout its checkered past. If you're curious about flapdragons and ale passion, the changing meanings of punk and geek, or how fly originated on the streets of eighteenth-century London and square in Masonic lodges, this is the book for you.

geek bearing gifts: Investigating Safely Juliana Texley, Terry Kwan, John Summers, 2004 You'll learn not only how to accommodate students with special needs but also how to make every student a partner in safer science. Classroom veterans themselves, the authors have organized the book with practicality in mind. Safety concepts are discussed in the context of common situations in real classrooms.

geek bearing gifts: Widows on the Wine Path Julia Jarman, 2024-04-03 The runaway bestseller about new starts and the power of friendship - guaranteed to make you smile. Viv, Janet and Zelda know all about facing the wobbly first year of becoming a widow as their friendship was forged when they ran away from the same dreary support group. Forming instead the much more lively widows' wine club - The Muscateers - they welcome new member Libby with open arms. Libby feels lost without Jim, her husband of more than thirty years, but the warmth, friendship and fun the women wrap her up in inspires her to begin to look to the future. When a solo trip to the theatre brings a blast from the past back into her life, things are looking up. But as cravat-wearing, smooth-talking Monty Charles sweeps Libby off her feet, the women of the Muscateers smell a rat. They know only too well that the first year of widowhood is prime for making mistakes, and they're determined to protect their friend. And as Monty soon finds out to his cost, never underestimate a Widow on the Wine Path... Julia Jarman is back with her latest big-hearted tale of love and laughter, friendship and finding your feet. Perfect for all fans of Judy Leigh, Maddie Please and Cathy Kelly. Readers love Julia Jarman: 'Julia Jarman has a captivating writing style. Her words are funny and wise and kept me turning the pages. This is a book that made me laugh, it put a lump in my throat and most of all gave me hope that I'll still be drinking wine and laughing with my friends for many years to come. A joyous romp of a read.' 'Jarman's writing combines humor, heartache, and humanity, resulting in an uplifting narrative. The characters' camaraderie and resilience are infectious, reminding us that age is no barrier to pursuing dreams.' 'What a great story of friendship and solidarity. Widowhood can be a stressful time but with great friends it is more bearable. The drama in this story captured my interest and I didn't want to put the book down.' 'A cracking fun read. Loved every page. The characters fascinating. Poignant and found it very moving. Strongly recommend!' 'I'm not known for being a big reader and have been known to read a book til the last chapter and then not finish as I'm not interested how it ends. This book however was different. Really enjoyed the topic, characters and story lines. Kept me reading til the very end and I'm looking forward to the next one to see what happens to everyone. I thoroughly recommend this book.' 'Twists and turns on every page. Belly laughs and sadness. A brilliant book. An easy read feel good book that I found hard to put down.' Praise for Julia Jarman: 'Three women meet as they're choosing coffins for their husbands and their stories grow from that day. The result is a book full of humanity, heartache and humour. I loved it!' Adèle Geras 'Julia Jarman has an original entertaining style that makes you want to read on.' Katie Fforde 'What a brilliant premise for a novel! Julia's writing is a sparkling delight.' Sophie Hannah

geek bearing gifts: Family: The Secret Ingredient Leandra Logan, 2014-10-15 No longer just a crush... It was Grace North's birthday and the best gift she could've gotten was...Kyle McRaney? Okay, so it wasn't what she'd asked for—at least not out loud—yet the man she had once

considered her special hero was standing in her kitchen, ready to be her personal chef for the next three months. And the appearance of his precocious daughter only made Grace long for what might've been.... Kyle had always treated Grace with something akin to brotherly love, but now there was no mistaking the heat that sizzled between them. After all, Grace had gone from awkward teenager to the sexiest woman he'd ever met. Could he convince this beauty to take another chance on her knight in shining armor...and his ready-made family?

geek bearing gifts: *Political Culture and Media Genre* K. Richardson, K. Parry, J. Corner, 2012-11-13 Exploring the forms and meanings of mediated politics beyond the news cycle, this book encompasses genres drawn from television, radio, the press and the internet, assessing their individual and collective contribution to contemporary political culture through textual analysis and thematic review.

geek bearing gifts: *The Trouble With Heroes* Denise Little, 2009-11-03 These 22 all-new tales pay tribute to the true heroes—the people who enable and put up with heroes. From what it's like to be Hercules' wife (complete with an appearance by Hercules in drag) to the trials of H.P. Lovecraft's housekeeper, from the perils of being King Kong's girlfriend to the downside of dating a shapeshifter, this anthology turns heroism on its head, revealing the behind-the-scenes drama, as opposed to glorious rescues. From the Pied Piper's power trip to David acting like a giant you-know-what after slaying Goliath, these stories show heroes in all their ignominy and shine a light on the unsung faithful standing in their shadows.

geek bearing gifts: *The Time Capsule* Lurlene McDaniel, 2007-12-18 In first grade, twins Alexis and Adam wrote down what they wanted to be when they grew up and put it in their teacher's time capsule. Now entering their senior year in high school, they are surprised to find out what they wrote: Alexis wanted to "help people" and Adam wanted to be a fireman. But that was before Adam got sick and their family fell apart. Adam's leukemia is now in remission but, sadly, so is the twins' family. Their mother and father are always working—not only don't they have time for Alexis and Adam, they don't have time for each other. Alexis can't even convince them to take a weekend off for one last family vacation to Disney World. No one is prepared when Adam gets sick again, but this time Alexis is not alone. Adam's illness reunites the family. And Alexis discovers that the time capsule predictions weren't so far off the mark.

geek bearing gifts: *Drink Like a Geek* Jeff Cioletti, 2019-09-15 A drinking guide that "dives deep into Star Wars prequels, Doctor Who (the blue-hued Gin & Tardis) and superhero culture (a Midori-spiked Hulk Smash)" (Liquor.com). Sci-fi and fantasy worlds are full of characters who know that sometimes magic happens at the bar. Drink Like a Geek is a look at iconic drinks and the roles they play in our favorite movies, shows, books, and comics. It's also a toast to the geeks, nerds, and gamers who keep this culture alive. geek bearing gifts: The Land Thomas Maltman, 2020-10-13 A story of violence at the heart of a pastoral landscape, from the author of Indie Next pick and All Iowa Reads selection *Little Wolves* Recovering from a terrible auto accident just before the turn of the millennium, college dropout and hobbyist computer-game programmer Lucien Swenson becomes the caretaker of a house in northern Minnesota. Shortly after moving in, Lucien sets out to find a woman with whom he had an affair, who vanished along with money stolen from the bank where they had worked together. His search will take him to Rose of Sharon, a white supremacist church deep in the wilderness, where a cabal of outcasts awaits the end of the world at a place they call The Land. Lucien is visited at the house by a mysterious guest, who may not be who she claims, as well as a vast flock of violent ravens out of an apocalyptic vision. At once a mystery and spiritual noir, *The Land* explores the dark side of belief, entrenched white supremacy in the Heartland, the uniquely American obsession with end times, and the sacrifices we make for those we love.

Still wary of geeks bearing gifts? You won't be if you master the delicate and secret art of 'regifting' (SFGate21y) It's January, that quiet time of year when a person's thoughts turn lightly to what the hell to do with the wine bracelets or the life-size ceramic Stetson unwrapped in December. The candy you can't
