Dancing in the Street BBC: A Celebration of Music, Movement, and Community

dancing in the street bbc is more than just a phrase; it encapsulates the vibrant energy and spirit captured by the BBC's exploration of dance as a cultural phenomenon. Whether through documentaries, special broadcasts, or live events, the BBC has long celebrated the power of dance to bring people together, express emotion, and transcend boundaries. This article delves into the multifaceted world of Dancing in the Street BBC productions, exploring their significance, the variety of dance styles featured, and how these broadcasts have inspired audiences across generations.

The Origins and Impact of Dancing in the Street BBC Features

The BBC's involvement with dance programming dates back decades, reflecting the broadcaster's commitment to showcasing performing arts in accessible and innovative formats. The phrase "Dancing in the Street" itself conjures images of communal celebration and spontaneous joy, a concept the BBC has skillfully tapped into through various documentaries and live broadcasts.

One of the most memorable aspects of the BBC's dance-related content is its ability to connect viewers with the cultural roots of different dance styles. From street dance and hip-hop to ballroom and contemporary, the BBC's coverage offers a rich tapestry of movement arts that reflect the diverse communities across the UK and beyond.

Documentaries That Bring Dance to Life

The BBC has produced numerous documentaries that dive deep into the stories behind dance movements and their social implications. For example, programs focusing on street dance culture

reveal how urban communities have used dance as a form of expression and identity. These documentaries often feature interviews with dancers, choreographers, and cultural historians, providing insightful commentary on the evolution of dance genres.

Such productions not only entertain but educate viewers on how dance intersects with issues like race, class, and youth culture. The storytelling element is crucial in making dance relatable and meaningful, transforming what might be seen as mere entertainment into a powerful social narrative.

Exploring Dance Styles Featured in Dancing in the Street BBC

One of the strengths of Dancing in the Street BBC content is its diversity. The BBC showcases an array of dance styles, each with unique histories and techniques that contribute to the broader cultural mosaic.

Street Dance and Hip-Hop

Street dance forms, including hip-hop, breakdancing, and popping, are often at the heart of Dancing in the Street BBC projects. These styles originated outside traditional dance studios, evolving on urban streets, parks, and clubs. The BBC's spotlight on these genres highlights their creativity, athleticism, and the community spirit that fuels them.

Through dynamic performances and behind-the-scenes footage, audiences gain a greater appreciation for the skill and dedication of street dancers. Additionally, the BBC often explores how street dance serves as a voice for marginalized youth, providing an outlet for storytelling and cultural pride.

Traditional and Contemporary Dance

While street dance plays a prominent role, the BBC also features traditional dances from different ethnic backgrounds alongside contemporary choreographies. This blend showcases the continuum of dance as both an artistic expression rooted in heritage and a constantly evolving form.

For instance, programs might include flamenco, Irish stepdance, or South Asian classical dance, illustrating the rich dance heritage present within the UK's multicultural society. Contemporary dance segments often push boundaries with experimental movements and emotional storytelling, demonstrating dance's ability to innovate while honoring tradition.

How Dancing in the Street BBC Inspires Community Engagement

Dance has a unique power to unite people, and the BBC's Dancing in the Street initiatives often go beyond the screen to foster real-world community engagement. These efforts encourage viewers to participate in dance events, workshops, and festivals, helping to build connections and promote wellbeing.

Community Dance Projects

Many BBC dance programs partner with local organizations to create community dance projects. These initiatives invite people of all ages and abilities to learn new styles, collaborate on performances, and celebrate their cultural diversity. Such projects often culminate in public performances that bring neighborhoods together and showcase collective creativity.

Engaging with dance in this way promotes physical health, mental wellness, and social inclusion. It also highlights the importance of arts funding and access to creative opportunities for everyone.

Live Broadcasts and Interactive Experiences

The BBC has taken advantage of its platform to produce live dance broadcasts that invite audience participation. From interactive televised dance challenges to streamed performances allowing viewers to learn choreography in real-time, these experiences make dance accessible to a wider audience.

Moreover, the use of social media alongside these broadcasts extends the conversation, enabling fans to share their own dancing videos, stories, and feedback. This digital interactivity keeps the spirit of Dancing in the Street alive beyond traditional media.

Behind the Scenes: The Making of Dancing in the Street BBC Productions

Creating compelling dance content for television and online platforms requires careful planning, expert collaboration, and creative vision. The BBC's dance productions often involve choreographers, dancers, directors, and cultural consultants working closely to capture authentic performances and narratives.

Choreography and Artistic Direction

Each Dancing in the Street BBC feature is shaped by the artistic direction that balances technical precision with emotional impact. Choreographers play a critical role in crafting routines that resonate with the audience, whether telling a story or celebrating pure movement.

The BBC's commitment to artistic excellence ensures that dance sequences are filmed with attention to detail, lighting, and camera work that enhance the visual experience. This professional approach helps elevate dance on screen, making it accessible and engaging for viewers who may not be familiar

with the art form.

Technical Innovation in Dance Broadcasting

The BBC continually explores new technologies to present dance in exciting ways. From multi-angle camera setups capturing every spin and leap to immersive sound design that complements the rhythm and mood, the technical side of these productions is crucial.

Virtual reality and augmented reality have also been experimented with, providing audiences with immersive experiences that bring them closer to the dancers and choreography. These innovations reflect the BBC's forward-thinking approach to arts broadcasting.

Tips for Getting Involved Inspired by Dancing in the Street BBC

If you've been inspired by Dancing in the Street BBC content and want to dive into dance yourself, there are plenty of ways to start, regardless of your experience level.

- **Find Local Dance Classes:** Many communities offer beginner-friendly classes in various styles, from hip-hop to ballroom. Look for community centers or dance studios near you.
- **Join Online Dance Challenges:** Social media platforms often host dance challenges inspired by popular routines featured in BBC programs, perfect for practicing at home.
- **Attend Live Events and Festivals:** Keep an eye on BBC announcements for upcoming dance events or festivals where you can watch performances and even participate.
- **Explore Dance History:** Watching documentaries and reading about the cultures behind different dance styles enriches your understanding and appreciation.

- **Practice Regularly:** Like any art form, dance improves with practice. Set aside time to move each day, whether following tutorials or freestyling.

Engaging with dance not only boosts your physical fitness but also connects you to a global community that celebrates creativity and expression.

The BBC's commitment to showcasing dance through its Dancing in the Street projects underscores the timeless allure of moving to a rhythm that resonates with the soul. From the streets to the stage, and the screen to your living room, dance remains a universal language that unites us all.

Additional Resources

Dancing in the Street BBC: A Cultural and Media Exploration

dancing in the street bbc has emerged as a captivating subject within both cultural and media studies, reflecting the intersection of music, social movements, and televised storytelling. The phrase itself evokes a rich history tied to the iconic 1964 song by Martha and the Vandellas, yet the BBC's interpretation and coverage have expanded its significance far beyond the original Motown hit. This article delves into the BBC's treatment of "Dancing in the Street," exploring its documentary productions, televised performances, and the broader impact on music journalism and cultural discourse.

The BBC's Role in Documenting "Dancing in the Street"

The BBC, as one of the world's leading public broadcasters, has a longstanding tradition of chronicling music history through documentaries, live performances, and special programming. When it comes to "Dancing in the Street," the BBC has approached the subject with a blend of historical context and contemporary relevance. Their productions often tie the song's energetic call to dance with its deeper roots as an anthem for social change, highlighting how music and activism have intertwined over decades.

One notable example is the BBC's music documentary series that traces the origins of Motown and its influence on global music culture. Within these programs, "Dancing in the Street" is often featured as a centerpiece, showcasing archival footage, interviews with surviving artists, and commentary from music historians. This approach provides viewers with a nuanced understanding of the song's dual identity as both a dance hit and a subtle protest anthem during the civil rights era.

Historical Context and Social Impact

The BBC's coverage often emphasizes the socio-political backdrop against which "Dancing in the Street" was released. While the song's upbeat rhythm and catchy chorus invite listeners to enjoy themselves, its release in 1964 coincided with significant racial tensions and calls for equality in the United States. The BBC's documentaries and radio specials explore how the song became an unofficial soundtrack for urban unrest and communal solidarity, especially in cities like Detroit and New York.

By framing "Dancing in the Street" within this turbulent period, the BBC not only celebrates its musicality but also its enduring message. This dual narrative is a recurring theme in the broadcaster's storytelling, reflecting a commitment to presenting music as both entertainment and a lens for understanding broader societal issues.

BBC's Televised Performances and Adaptations

Beyond documentaries, the BBC has incorporated "Dancing in the Street" into various televised formats. From live concert broadcasts to special musical events, the song has been a favorite for showcasing energetic performances that engage diverse audiences. The BBC's emphasis on live music programming ensures that "Dancing in the Street" remains a vibrant part of contemporary music culture.

A significant aspect of the BBC's programming is its ability to connect different generations of artists and audiences. For instance, televised tributes often feature contemporary musicians performing "Dancing in the Street" alongside archival clips of the original artists. Such productions highlight the song's adaptability and timeless appeal, reinforcing its relevance in both historical and modern contexts.

Dancing in the Street in BBC Radio and Podcasts

In addition to television, the BBC's radio channels and podcast platforms have played a crucial role in exploring "Dancing in the Street" from various angles. Programs dedicated to music history, artist interviews, and thematic explorations frequently revisit the song to discuss its influence on genres like soul, R&B, and rock.

The BBC Radio 2 and Radio 6 Music stations, known for their eclectic and extensive music programming, have featured special segments that analyze the song's composition, lyrical content, and cultural significance. Podcasts produced by the BBC Music unit also offer in-depth discussions that appeal to both casual listeners and music scholars, further cementing the song's place in the canon of influential music.

SEO-Relevant Insights on "Dancing in the Street BBC"

From an SEO perspective, the phrase "dancing in the street bbc" attracts a diverse audience, including music enthusiasts, cultural historians, and media scholars. Optimizing content around this topic involves integrating various related keywords that users search for, such as "BBC music documentaries," "Motown history BBC," "Dancing in the Street live performances," and "BBC music archives."

Incorporating these LSI (Latent Semantic Indexing) keywords naturally enhances search visibility and relevance. For example, discussing how the BBC archives preserve footage of Motown hits or how their music documentaries analyze civil rights era songs aligns well with common search intents. Additionally, referencing specific BBC programs or presenters associated with "Dancing in the Street" can further enrich content quality and engagement.

Balancing Historical Significance with Entertainment Value

One of the challenges in covering "Dancing in the Street" through the BBC's lens is striking a balance between the song's historical weight and its entertainment dimension. The broadcaster's programming typically succeeds by blending these elements—offering audiences insightful narratives alongside vibrant musical showcases.

This balance also reflects in SEO-friendly content creation. Articles or videos that emphasize both the cultural background and the performance aspects tend to perform better in search rankings. Viewers and readers are drawn to comprehensive explorations that inform as well as entertain, a formula that the BBC has mastered in its treatment of "Dancing in the Street."

Comparative Analysis: BBC vs. Other Broadcasters

While many broadcasters and streaming platforms feature "Dancing in the Street," the BBC's approach is distinguished by its depth of coverage and editorial rigor. Unlike commercial channels that may focus primarily on entertainment value, the BBC integrates educational content and historical context, enhancing the viewer's understanding.

For example, American broadcasters like PBS have produced documentaries on Motown and soul music, but the BBC's global reach and archival resources enable it to present a uniquely comprehensive narrative. This makes the BBC a valuable resource for anyone researching "Dancing in the Street" within a broader cultural and media framework.

- **BBC Strengths:** Extensive archives, historical documentaries, cross-generational programming, educational focus.
- **Other Broadcasters:** Often more entertainment-focused, less archival depth, regional

perspectives.

The Impact of Digital Transformation on BBC's Coverage

The digital age has transformed how audiences engage with music history content, and the BBC has adapted accordingly. Online platforms such as BBC iPlayer and the BBC Sounds app provide on-demand access to documentaries, live performances, and radio shows related to "Dancing in the Street." This accessibility broadens the reach and lifespan of their content.

Moreover, digital tools have enabled the BBC to incorporate interactive elements, such as viewer polls, social media integration, and supplementary materials that deepen audience engagement. These innovations ensure that "Dancing in the Street" remains a dynamic topic within the BBC's evolving media ecosystem.

In sum, the phrase "dancing in the street bbc" encapsulates more than just a musical title—it represents a multifaceted cultural phenomenon explored through the BBC's extensive media productions. Through documentaries, live performances, and digital innovations, the BBC continues to illuminate the enduring legacy of this iconic song, connecting past and present audiences in a shared appreciation of music's power to inspire and unite.

dancing in the street bbc: David Bowie: The Golden Years Roger Griffin, 2016-12-01 David Bowie: The Golden Years chronicles Bowie's creative life during the 1970s, the decade that defined his career. Looking at the superstar's life and work in a year by year, month by month, day by day format, and placing his works in their historical, personal and creative contexts. The Golden Years accounts for every live performance: when and where and who played with him. It details every known recording: session details, who played in the studio, who produced the song, and when and how it was released. It covers every collaboration, including production and guest appearances. It also highlights Bowie's film, stage and television appearances: Bowie brought his theatrical training into every performance and created a new form of rock spectacle. The book follows Bowie on his

journeys across the countries that fired his imagination and inspired his greatest work, and includes a detailed discography documenting every Bowie recording during this period, including tracks he left in the vault. The Golden Years is an invaluable addition to the Digital shelves of any true Bowie fan.

dancing in the street bbc: London Victoria R. Williams, 2022-01-24 This comprehensive volume is an indispensable resource for researchers as well as general readers interested in the geography, history, and culture of London, examining all aspects of life in the United Kingdom's capital city. London is one of the largest cultural and financial centers in the world. How did it become the capital city of the United Kingdom, and what is life like in this global city today? Narrative chapters examine such themes as location, people, history, politics, economy, environment and sustainability, local crime and violence, security issues, natural hazards and emergency management, culture and lifestyle, London in pop culture, and London's future. Inset boxes entitled Life in the City include personal memoirs from people who are from or have lived in London, allowing readers a glimpse into daily life in the city. Sidebars, a chronology, and a bibliography round out the text. This volume is ideal for students and general readers who are interested in learning about life in this global city.

dancing in the street bbc: Bowie at the BBC David Bowie, Tom Hagler, 2023-11-21 The life of an icon, in his own words. David Bowie had a unique relationship with the BBC, making more appearances on 'the beeb' than any other broadcaster throughout his career. An anonymous pre-fame teenager, a blossoming starlet, a white-hot rock star and a veritable elder statesman of pop: the BBC had the inside scoop on it all. In this fascinating collection of BBC television and radio transcripts, Bowie's life story is told in his own words, across more than 35 appearances spanning over forty years. Each provides an illuminating snapshot of moments in a remarkable career. But read together, they offer a completely new take on Bowie himself, a first-person look at the rise and rise of a star. Compiled and guided by David Bowie expert and BBC journalist Tom Hagler, Bowie at the BBC is the complete story of an incredible life lived on the airwaves.

dancing in the street bbc: Popular Music Roy Shuker, 2005 With 'Key Concepts in Popular Music', Roy Shuker presents a comprehensive A-Z glossary of the main terms and concepts used in the study of popular music.

dancing in the street bbc: Presence and Pleasure Anne Danielsen, 2024-08-06 Winner of the 2007 Irving Lowens Book Award from the Society for American Music Winner of IASPM's 2007 International Book Award In this exploration of the funk groove and its unique sounds, author Anne Danielsen takes an in-depth look at this under-explored genre. Danielsen concentrates on the golden age of funk in the late 1960s and the 1970s, focusing on two of the era's artists who made a substantial impact on the landscape of popular music: James Brown and George Clinton/Parliament. Aiming to understand funk not only as objectified musical meaning but also as lived experience, she begins with the musical events themselves and draws on her experiences as both a fan and a scholar to capture how their particular organization creates the funk listener's pleasure. Danielsen further examines issues surrounding race in the construction and consumption of this music, focusing her study with how white listeners responded to funk in the 1970s, and arguing that African American music has remained a means of catharsis and of dealing with pleasures of the body. Funk's crossover to international success among listeners of pop and rock music affected both the music itself and audiences' understanding of it. Presence and Pleasure shows us how.

dancing in the street bbc: Guitar Cultures Andy Bennett, Kevin Dawe, 2020-05-18 The guitar is one of the most evocative instruments in the world. It features in music as diverse as heavy metal, blues, indie and flamenco, as well as Indian classical music, village music making in Papua New Guinea and carnival in Brazil. This cross-cultural popularity makes it a unique starting point for understanding social interaction and cultural identity. Guitar music can be sexy, soothing, melancholy or manic, but it nearly always brings people together and creates a common ground even if this common ground is often the site of intense social, cultural, economic and political negotiation and contest. This book explores how people use guitars and guitar music in various

nations across the world as a musical and symbolic basis for creating identities. In a world where place and space are challenged by the pace of globalization, the guitar provides images, sounds and styles that help define new cultural territories. Guitars play a crucial part in shaping the commercial music industry, educational music programmes, and local community atmosphere. Live or recorded, guitar music and performance, collecting and manufacture sustains a network of varied social exchanges that constitute a distinct cultural milieu. Representing the first sustained analysis of what the guitar means to artists and audiences world-wide, this book demonstrates that this seemingly simple material artefact resonates with meaning as well as music.

dancing in the street bbc: *Media and Popular Music* Peter Mills, 2012-05-16 A study of the relationships between music and contemporary media.

dancing in the street bbc: Echoes Glenn Povey, 2007 From their gigs in tiny church halls to multimillion-selling albums--The Dark Side of the Moon, Wish You Were Here, and the rock opera The Wall--and elaborate stadium shows, this tome celebrates legendary rock band Pink Floyd. Lavishly illustrated with previously unpublished photographs and rare graphic memorabilia, including posters, advertisements, handbills, and tickets from every era of the band's remarkable history, this survey provides a comprehensive overview of the group, its members, and the times. In addition to a biographical account of the band's collective and individual careers--from their pre-Floyd times in the early 1960s to the present day and their music's evolution from psychedelic and space rock to progressive rock genres--this definitive reference presents a meticulously researched chronological listing of every Pink Floyd and solo concert with set lists, radio and television appearances, and a UK and U.S. discography.

dancing in the street bbc: *The North American Folk Music Revival: Nation and Identity in the United States and Canada, 1945-1980* Gillian Mitchell, 2016-02-17 This work represents the first comparative study of the folk revival movement in Anglophone Canada and the United States and combines this with discussion of the way folk music intersected with, and was structured by, conceptions of national affinity and national identity. Based on original archival research carried out principally in Toronto, Washington and Ottawa, it is a thematic, rather than general, study of the movement which has been influenced by various academic disciplines, including history, musicology and folklore. Dr Gillian Mitchell begins with an introduction that provides vital context for the subject by tracing the development of the idea of 'the folk', folklore and folk music since the nineteenth century, and how that idea has been applied in the North American context, before going on to examine links forged by folksong collectors, artists and musicians between folk music and national identity during the early twentieth century. With the 'boom' of the revival in the early sixties came the ways in which the movement in both countries proudly promoted a vision of nation that was inclusive, pluralistic and eclectic. It was a vision which proved compatible with both Canada and America, enabling both countries to explore a diversity of music without exclusiveness or narrowness of focus. It was also closely linked to the idealism of the grassroots political movements of the early 1960s, such as integrationist civil rights, and the early student movement. After 1965 this inclusive vision of nation in folk music began to wane. While the celebrations of the Centennial in Canada led to a re-emphasis on the 'Canadianness' of Canadian folk music, the turbulent events in the United States led many ex-revivalists to turn away from politics and embrace new identities as introspective singer-songwriters. Many of those who remained interested in traditional folk music styles, such as Celtic or Klezmer music, tended to be very insular and conservative in their approach, rather than linking their chosen genre to a wider world of folk music; however, more recent attempts at 'fusion' or 'world' music suggest a return to the eclectic spirit of the 1960s folk revival. Thus, from 1945 to 1980, folk music in Canada and America experienced an evolving and complex relationship with the concepts of nation and national identity. Students will find the book useful as an introduction, not only to key themes in the folk revival, but also to concepts in the study of national identity and to topics in American and Canadian cultural history. Academic specialists will encounter an alternative perspective from the more general, broad approach offered by earlier histories of the folk revival movement.

dancing in the street bbc: Sound Tracks John Connell, Chris Gibson, 2003-09-02 Sound Tracks is the first comprehensive book on the new geography of popular music, examining the complex links between places, music and cultural identities. It provides an interdisciplinary perspective on local, national and global scenes, from the 'Mersey' and 'Icelandic' sounds to 'world music', and explores the diverse meanings of music in a range of regional contexts. In a world of intensified globalisation, links between space, music and identity are increasingly tenuous, yet places give credibility to music, not least in the 'country', and music is commonly linked to place, as a stake to originality, a claim to tradition and as a marketing device. This book develops new perspectives on these relationships and how they are situated within cultural and geographical thought.

dancing in the street bbc: The Who on Record John Atkins, 2015-06-14 More than just a biography or discography, this work is a thoroughly detailed guide to every known recording of the legendary British rock band The Who--their entire range, from their early hits of the 1960s through the ambitious concept works to their later successes. Many previously uncovered facts are incorporated into the text, and the author has been able to glean exclusive information from The Who's archives. Unrealized Who projects are discussed and analyzed for the first time in print. Finally, the work contains a discography of CDs and an exhaustive appendix of every known Who song.

dancing in the street bbc: BBC Music Magazine , 2008

dancing in the street bbc: The Who FAQ Mike Segretto, 2014-03-01 Foreword by Dave Davies. Fifty years after Pete Townshend, Roger Daltrey, John Entwistle, and Keith Moon made their first ruckus together onstage, the world is still fascinated with its greatest rock-and-roll band. Whether their music is popping up in TV commercials and the various incarnations of CSI or the remaining members are performing at the Super Bowl, the Olympics, or multitudinous charity events, the Who have never faded away. Yet while such artists as the Beatles, Bob Dylan, and Led Zeppelin have been pored over, flipped on their backs, and examined from every imaginable angle, the Who remain somewhat mysterious. Questions persist. Who were their most important influences, and which other bands were their most loyal followers? Did they really create the very first rock opera? What were their most important collaborations, gigs, solo projects, and phases? Where do they stand on politics, religion, and philanthropy? The answers to these questions don't amount to mere trivia but create a clearer portrait of the enigma that is the Who. Whether they were Mods or punk pioneers, rock Wagners, or a gang of guitar-smashing thugs, the Who are a band beyond categorization or comparison, a band that constantly poses new questions - and The Who FAQ digs deep to find the answers.

dancing in the street bbc: Pink Floyd: In the Flesh Glenn Povey, Ian Russell, 1998-06-15 From gigs in tiny church halls in the mid-sixties to multimillion-selling albums and spectacular stadium shows all around the world, the Pink Floyd story is a pop legend. Pink Floyd: In the Flesh combines, for the first time, a detailed listing of every single Pink Floyd show with a biographical account of the band's collective and individual careers. Illustrated throughout with scores of previously unpublished photographs and a wealth of rare graphic memorabilia, including posters, advertisements, handbills and tickets from every era of the band's remarkable thirty-year history.

dancing in the street bbc: BBC London Calling , 1987

dancing in the street bbc: The Gift Dave Florez, 2025-02-06 If they expect me to run and hide, eat myself up, they can think again. Can't you see? This is my... call to arms. The inciting incident of my life - I'm ALIVE. When Colin receives an anonymous package, he is bemused and appalled by what he finds inside. He should just ignore it... But who would send him such a thing - and why did they put it in a cake box? Colin really isn't built for this sort of scrutiny, and soon he is turning over everything he might have ever done wrong in his life. It falls upon his sister Lisa and her husband Brian to try to save Colin from his own existential angst, but as his list of possible suspects keeps getting longer he finds himself more determined than ever to unmask the culprit. The Gift by Dave Florez is an irreverent comedy that unashamedly dives into the murky waters of

past transgressions, modern-day vengeance, and hilariously unchecked paranoia. This edition was published to coincide with the world premiere at London's Park Theatre in January 2025.

dancing in the street bbc: *This is the BBC* Simon J. Potter, 2022-04-14 In the hundredth year of the British Broadcasting Corporation, historian Simon J. Potter looks back over the hundred year history, asking if the BBC is really the 'voice of Britain', and what comes next for British public broadcasting. 2022 marks the centenary year of the British Broadcasting Corporation. As Britain's most famous and influential broadcaster, the BBC faces a range of significant challenges to the way it operates, and perhaps to its existence, from the government but also from a rapidly changing media environment. Historian Simon J. Potter explores the hundred year history of this corporation, drawing out the roots of these challenges and understanding how similar threats - hostile politicians and prime ministers, the advent of television - were met and overcome in the past. Potter poses the question 'Is the BBC the voice of Britain?', exploring its role in changing wider culture and society, promoting particular versions of British national identity, both at home and overseas. The BBC has long claimed to speak for the British people, to the British people, and with a British accent, and Potter explores how far these claims have been justified with this exciting new study which covers the establishment of the BBC Empire Service and the World Service, and focuses on people, programmes, and politics to understand the Corporation's engagement with changing ideas about culture and society in Britain, including issues of class, gender, and race.

dancing in the street bbc: The ^AOxford Handbook of Screendance Studies Douglas Rosenberg, 2016-06-03 The Oxford Handbook of Screendance Studies offers a full overview of the histories, practices, and critical and theoretical foundations of the rapidly changing landscape of screendance. Drawing on their practices, technologies, theories, and philosophies, scholars from the fields of dance, performance, visual art, cinema and media arts articulate the practice of screendance as an interdisciplinary, hybrid form that has yet to be correctly sited as an academic field worthy of critical investigation.

dancing in the street bbc: *BBC Worldwide* , 1995

dancing in the street bbc: *My Margot* Ken Ludden, 2014-07-02 Margot Fonteyn's closest friends don't appear in Daneman's detailed biography. Lita Legarda (a doctor) gets a one line mention. Angie Novello (Margot's Washington Hostess), Theodora Christon (Margot's personal secretary) and Ken Ludden aren't mentioned at all. These were the people she trusted most, who kept her confidences and never spoke to the press. Everyone knew Margot differently. BQ, her mother, knew one Margot. Tito, her husband, knew another. Ludden, her circle's youngest by a large margin, knew yet another side of Margot: hence the title 'My Margot'. Ken shares that Margot--who taught him so much about ballet and life, and with whom he worked to plan ballet's future. Beyond Margot we learn about Ken's delightful relationship with BQ, a close friendship between a teenager and a woman of eighty. Ken also writes with unflinching honesty of the hostile relationship he had with Rudolf Nureyev, which developed over time into a grudging mutual respect and a shared grief when Margot died.
