the same stuff as stars by katherine paterson: Connecting Children with Classics Meagan Lacy, Pauline Dewan, 2018-03-14 This guide identifies hundreds of books that can help children develop into engaged readers. Children's librarians, collection development specialists in public libraries, as well as K-8 school librarians and teachers will choose from the best in children's titles. This unique readers' advisory and collection development guide for librarians and others who work with children focuses on readers and their needs, rather than simply categorizing books by their characteristics and features as traditional literature guides do. Taking this unusual perspective brings forth powerful new tools and curricular ideas on how to promote the classics, and how to best engage with young readers and meet their personal and emotional needs to boost interest and engagement. The guide identifies seven reader-driven appeals, or themes, that are essential to successful readers' advisory: awakening new perspectives; providing models for identity; offering reassurance, comfort, strength, and confirmation of self-worth; connecting with others; giving courage to make a change; facilitating acceptance; and building a disinterested understanding of the world. By becoming aware of and tapping into these seven themes, librarians and other educators can help children more deeply connect with books, thereby increasing the odds of becoming lifelong readers. The detailed descriptions of each book provide plot summaries as well as notes on themes, subjects, reading interest levels, adaptations and alternative formats, translations, and read-alikes. This informative guide will also aid librarians in collection development and bibliotherapy services.

collection examines the way texts intended for children raise questions of value, depict the moral development of their characters, and call into attention shared moral presuppositions. The essays in Part I look at various past attempts at conveying moral messages to children and interrogate their underlying assumptions. What visions of childhood were conveyed by explicit attempts to cultivate specific virtues in children? What unstated cultural assumptions were expressed by growing resistance to didacticism? How should we prepare children to respond to racism in their books and in their society? Part II takes up the ethical orientations of various classic and contemporary texts, including 'prosaic ethics' in the Hundred Acre Wood, moral discernment in Narnia, ethical recognition in the distant worlds traversed by L'Engle, and virtuous transgression in recent Anglo-American children's literature and in the emerging children's literature of 1960s Taiwan. Part III's essays engage in ethical criticism of arguably problematic messages about our relationship to nonhuman animals, about war, and about prejudice. The final section considers how we respond to children's literature with ethically focused essays exploring a range of ways in which child readers and adult authorities react to children's literature. Even as children's literature has evolved in opposition to its origins in didactic Sunday school tracts and moralizing fables, authors, parents, librarians, and scholars remain sensitive to the values conveyed to children through the texts they choose to share with them.

the same stuff as stars by katherine paterson: Jacob Have I Loved Katherine Paterson, 2009-10-06 Katherine Paterson's remarkable Newbery Medal-winning classic about a painful sibling rivalry, and one sister's struggle to make her own way, is an honest and daring portrayal of adolescence and coming of age. A strong choice for independent reading, both for summer reading and homeschooling, as well as in the classroom, Jacob Have I Loved has been lauded as a cornerstone young adult novel and was ranked among the all-time best children's novels in a survey published by School Library Journal. Jacob have I loved, but Esau have I hated . . . With her grandmother's taunt, Louise knew that she, like the biblical Esau, was the despised elder twin. Caroline, her selfish younger sister, was the one everyone loved. Growing up on a tiny Chesapeake Bay island, angry Louise reveals how Caroline has robbed her of everything: her hopes for schooling, her friends, her mother, even her name. While everyone pampers Caroline, Wheeze (her sister's name for her) begins to learn the ways of the watermen and the secrets of the island, especially of old Captain Wallace, who has mysteriously returned after fifty years. The war unexpectedly gives this independent girl a chance to fulfill her dream to work on the water alongside her father. But the dream does not satisfy the woman she is becoming. Alone and unsure, Louise begins to fight her way to a place for herself outside her sister's shadow. But in order to do that, she must first figure out who she is...
