the great debaters movie questions and answers: *The Debaters of This Age* Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars, professors, lecturers, and students gather in a California hotel. They are all attendees of an Apologetics conference intended to

join qualified representatives of Christian, Deist, and Atheist thought for a two-week, no-holds-barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference. Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics. Catholicism, liberal Christianity, and Deism are also well-supported. The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students. As the participants argue over controversial issues such as cosmology, evolution, The Bible, historical evidence for Jesus, the resurrection, biblical prophecies, and the problem of evil, intellectual fireworks result. But what will result when such a volatile and eclectic group is placed face-to-face for more than two weeks? The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time.

the great debaters movie questions and answers: The Great Debaters , 2008 Inspired by real events, the fascinating The Great Debaters reveals one of the seeds of the Civil Rights Movement in its story of Melvin B. Tolson (Denzel Washington in a captivating performance) and his champion 1935 debate club from the all-African-American Wiley College in Texas. Tolson, a Wiley professor, labor organizer, modernist poet, and much else, runs a rigorous debate program at the school, selecting four students as his team in 1935, among them the future founder of the Congress of Racial Equality, James Farmer Jr. (Denzel Whitaker). Washington, who directed The Great Debaters from a script by Robert Eisele (The Dale Earnhardt Story), anchors the story with the team's measurable progress, but the film is also about the state of race relations in America at the height of the Great Depression. With lynchings of black men and women a common form of entertainment and black subjugation for many rural whites, the idea of talented and highly intelligent African-American young people learning to think on their feet during debates would seem almost a hopeless endeavor. But that's not the way Tolson sees it, as his students serve themselves and the cause of racial equality in America with energetic arguments in favor of progressive government and non-violence

as a viable social movement. There are some startling moments in this movie, particularly the sight of a man found lynched and burned to death, and an extraordinary moment in which we see black sharecroppers and white farmers engaged with Tolson in arguments about unionizing together. Forest Whitaker is outstanding as Farmer's emotionally-reserved father, also a Wiley professor. This is the kind of film where one hopes two great actors such as the elder Whitaker and Washington will have a scene together, and when it comes it's as powerful as one might hope.

Inspired by a true story, Washington shines as a brilliant but politically radical debate team coach who uses the power of words to transform a group of underdog African American college students into an historical powerhouse that took on the Harvard elite. Featuring a superb cast of rising young actors, The Great Debaters is marvelous entertainment that you should not miss (Andrew Sarris, The New York Observer).
